

FIVE MEXICANS TO HANG, SAYS U. S. JUDGE

Tuscon, Ariz., May 28—Judge W. H. Sawtelle of the United States District Court denied today the application for writs of habeas corpus for the five Mexicans condemned to hang at Florence prison. Attorneys for the condemned prisoners were informed that the executions would take place at once.

Phoenix, Ariz., May 28—By a vote of 15 to 12 the House of Representatives declined Gov. Hunt's request to memorialize the board of pardons and paroles by relieving the five Mexicans condemned to be hanged at Florence.

The United States district court at Tuscon was crowded when F. Struckmeyer, an attorney for the anti-capital punishment society appeared before Judge Sawtelle with a petition for habeas corpus for the five Mexicans condemned to die today at the Florence penitentiary. The board of pardons and paroles in session at Florence, it was stated, was awaiting the decision of Judge Sawtelle on the application for the writs.

ENGINEER SAYS U. S. SHIP WAS TORPEDOED WITHOUT WARNING

Washington, May 28.—Secretary Bryan said an incomplete report had been received from London of the investigation into the explosion which damaged the Nebraska but that nothing would be made public until the report of naval experts had been received.

Liverpool, May 28.—While none of the crew of the American steamer Nebraska, disabled Tuesday night by an explosion off the coast of Ireland, saw a submarine, the chief engineer believes he saw the wake of a torpedo on the starboard side, according to Captain Greene of the steamer.

The captain, in reply to questions, noted there is a hole about twenty feet square in the fore-castle below the water line large enough to admit an American freight car.

"We were in the boats about an hour," he said. "The ship seemed to be settling by the head and we decided to stay close by until help, which we had summoned by wireless, arrived. While none of us saw a submarine, the chief engineer believes he saw the wake of a torpedo on the starboard side. The effect of the shock of the torpedo striking the ship was to stop her suddenly. There was a perceptible interval between the shock and the explosion.

"We started to return to Liverpool about 10:30 o'clock the same night, traveling eight knots an hour. The vessel was 12 feet lower down by the head than normal, owing to the water in the hold."

The damage to the vessel's upper

Reserve Corps Of Volunteer U. S. Aviators To Be Formed

New York, May 28.—Formation of a national reserve corps of volunteer aviators for war service is the purpose of the Aero-Military Service Federation of America, organization of which was announced here today.

August Belmont has been elected president general and Mortimer Delano of this city deputy president general. Mr. Delano in announcing the purpose of the federation said that it was proposed to establish district bases in New York, Richmond, Chicago, St. Louis and San Francisco.

Aero squadron centers are to be located in Boston, New Haven, Albany, New York, Buffalo, Philadelphia, Pittsburgh, Cleveland, Chicago, Detroit, St. Paul, Minneapolis, St. Louis, Richmond, Savannah, New Orleans, Austin, Denver, Kansas City, Louisville, Omaha, Salt Lake City, Los Angeles, San Francisco and Portland, Oregon. It is also proposed to establish 1,500 landing stations throughout the country.

BOATS SUNK DURING PAST 24 HOURS

H. M. S. MAJESTIC, English warship, torpedoed by German submarine.

PRINCESS TRENE, English mine laying boat, sunk by explosion on board. Four hundred lost.

CADEBY, English steamer, sunk by German submarine.

ELY, Danish steamer, sunk when she struck submerged mine.

ARGYLSHIRE, English steamer, attacked by German submarine, reaches port safely.

Penzance, England, May 28.—The British steamer Cadaby has been sunk off the Scilly Isles by gun fire from a German submarine.

All those on board the vessel, including four passengers, were saved.

The steamer Cadaby was of 677 tons net register and 225 feet long. She was owned in Glasgow.

The Cadaby was sent to the bottom yesterday. Her crew of 10 men, together with the four passengers on board, took to the boats and were later rescued by a fishing smack and brought into Newlyn, a fishing village near here.

After firing a shot to halt the Cadaby, the submarine ceased firing while the crew and passengers took to the boats. She then opened fire again. It required 30 shots to sink the vessel.

Liverpool, May 28.—The British steamship Argylshire, which left Sydney, N. S. W., April 16, was attacked by a German submarine, according to information received in shipping circles here. The Argylshire reached port safely later in the day. The harbor into which she put has not been announced.

Copenhagen, Denmark, May 28. (Via London)—The Danish steamer Ely struck a submerged mine off Stockholm yesterday and sank. The crew was saved. The Ely was bound from England for Sundsvall, Sweden, with a cargo of coal.

London, May 28.—Germany's and sunk H. M. S. Majestic, Captain H. F. G. Talbot. The Majestic was supporting the army on the Gallipoli Peninsula.

Germany's cause was further aided by an accident which cost the lives of between 300 and 400 Englishmen on board the Princess Irene, a mine laying vessel. The Princess Irene was laying out the midway off Port Victoria undergoing repairs when an explosion on board shattered the vessel and sent her with her entire crew to the bottom.

In addition to her crew, which is said to number more than 250, there were seven-eight shipwrights on board. The entire town of Sheppess was rocked by the explosion and when they looked out into the harbor all they saw of the Princess Irene was a mass of floating wreckage.

Floating debris was scattered for great distances. Many men on ships in the vicinity of the Princess Irene were injured by the explosion.

RUSSIANS CAPTURE URUMIAH, IN PERSIA

Petrograd, (Via London), May 28.—Urumsiah, Persia, has been captured by the Russians after an engagement with the Turks in the direction of Dilman and near Bakhiani, according to a statement issued by the general staff of the army of the Caucasus.

Urumsiah, in Azerbaijan province with a population of about 20,000 is a center of missionary activity. It is the seat of the Turk seminary for girls, and of Urumsiah college. For weeks the missionaries stationed there as well as many thousands of Armenian Christians have been in grave danger from attacks by Kurds and Turks. Between 15,000 and 17,000 natives are reported to have placed themselves under the protection of Dr. Harry P.

Princess Gets Only \$1,000 Of Estate

Chicago, May 28.—Out of an estate valued at more than \$1,000,000, the former Princess De Chimay, who was Clara Ward, of Detroit, Michigan, is bequeathed only \$1,000. She inherited today by the will of her mother, Mrs. Catherine L.

OLD MEN WANT TO BATTLE

Berlin, May 28.—(Via London)—Hundreds of volunteers including men more than fifty years old, have reported to the military authorities at Frankfurt in the past few days, making the specific request that they be permitted to serve against Italy.

TROOPS CLOSING IN ON RUSSIAN FORT

Geneva, May 28 (via Paris)—The Italians are continuing their advance into Carinthia. They have taken three of the lower mountain passes and fourteen villages.

London, May 28.—The fortress of Przemyśl, garrisoned this time by Russians instead of Austrians, is once more threatened with investment.

Just as the Russians, after surrounding Przemyśl and starving out its Austrian garrison, forced the surrender of the fortress on the 22nd of last March, so Austro-German troops who have driven a wedge through Central Galicia, are now attempting a double flanking movement, and with growing intensity of attack are seeking to encircle Przemyśl from the north and the southeast. According to Vienna reports, progress is being made in both directions and if the advance is not checked Przemyśl will either be isolated from the rest of the army, or the Russian troops which fell in the attack to San will be forced into further retreat.

NO PROGRESS MADE ON SPRAGUE BILL

Columbus, May 28.—Apparent action reigned in the house of representatives today when that body took up consideration of numerous measures, waiting for action in the senate on the big budget appropriation bills. This was held up by the finance committee which promised to finally agree sometime today, and its passage was expected late tonight.

A session through Saturday was in prospect for both houses, though their records will continue to show no work done later than Thursday, May 27, when final adjustment was to have been taken. Official clocks in legislative halls were stopped today except when mischievously inclined Democratic members brought step-

CAPTURE ENGLISH POSITIONS

Constantinople, May 28.—By wireless to Berlin and London—Fresh activity of Turkish forces in the vicinity of Kurma, Mesopotamia, is announced in a war office statement which says:

"In a night attack by volunteers in boats we captured two English positions which we are still holding."

Kurma is on the right bank of the Tigris river, at its junction with the Euphrates. It is a stopping point for river steamers going up and down and has a small trade.

STATUE OF VIRGIN IS COVERED

Milan, May 27.—The gilded statue of the Virgin surmounting the central tower of Milan's celebrated white marble cathedral has been covered with cloth to prevent it from serving as a guide to Austrian aviators in their probable flights over the city. The stained glass windows have been removed so they will not be shattered if the city is bombarded.

RACE POSTPONED

Indianapolis, Ind., May 28.—On account of weather conditions the 500 mile automobile race, which was to have been held at the Indianapolis Motor Speedway tomorrow, was postponed today until Monday. This announcement was made at the speedway offices.

BUTCHERS CLOSE UP

Glasgow, Scotland, May 28.—Two hundred Glasgow butcher shops were closed today for the reason that the shortage of cattle has resulted in almost prohibitive prices for beef.

FRENCH LINER AGROUND, PASSENGERS REMOVED

Dantzig, Prussia, May 28.—(2:40 p. m.)—The steamer Champagne of the French trans-Atlantic line, is ashore near St. Nazaire. She is badly damaged. The 900 persons on board of her have been taken off.

Officials of the French line in Paris say all the passengers of the Champagne have been landed at St. Nazaire, and that there is no need of anxiety as to the safety of the vessel. They state she was not torpedoed.

The name of the steamer which took off the Champagne's passengers is unknown at the company's offices in Paris. Representatives of the company express the opinion that the stranding of the vessel was an accident.

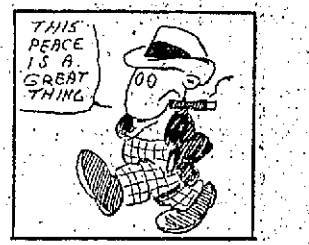

The Champagne was engaged in trans-Atlantic service between Central and South American ports and France. She was last reported as having sailed from Colon on May 7.

GERMANY GIVES SIDE OF FRENCH AIR RAID

Amsterdam, May 28.—The Cologne Volks Zeitung has published a dispatch from a correspondent at Ludwigshafen who gives a German version of the French air raid upon this city on the Rhine. The correspondent says that about seven o'clock Thursday morning five or six airplanes appeared over the town. The noise of their motors awakened the people of Ludwigshafen who were still asleep. The weather was calm and clear. Anti-aircraft machine guns opened fire on the raiders but the raiders circled over the town and the Rhine and then flew off to the westward after dropping many bombs.

One bomb fell on the house of Town Councillor Zench, killing three persons and wounding four others. Another bomb killed three other persons and wounded four more. One of the raiders, it is reported, was forced to descend. He burned his machine before German soldiers could take him prisoner. Many bombs were thrown on the aniline dye factory. Here five persons were killed and fifteen wounded, but the work of the factory was not interrupted.

Will Minor, of Stewartsville, was lodged in jail Friday morning by Marshal Will J. Davis, who arrested him on a charge of alleged horse stealing. Liveryman Ira Fenner, who owned the horse, was arrested on Thursday night by Officer John Smith, who took the outfit to Dr. Lake's stable where Fenner took charge of it Friday afternoon. Surrounding towns have been notified to keep a sharp lookout for Minor's friend.

The baby show held at the Thalian theatre Thursday night created plenty of excitement. No less than a dozen babies were entered in the contest. Herald Donald Luchbaum, one year old son of Mr. and Mrs. Chas. F. Luchbaum of 65 West Grace, won first prize, a gold neck chain.

Liveryman Ira Fenner says there is no truth to the report that he is to engage in the butcher business. "The person that started the report got their crazy idea that I was going to be a butcher just because I was selling part of a hog I butchered," said Fenner.

While numerous candidates are

making announcements for salaried jobs, no one seems to want on the school board as no candidate has made an announcement that he is ready to take a job that pays nothing.

The village improvements are being greatly held back by the rains. Kaps Bros. are unable to proceed with the work of filling in the Cement Hollow addition and Contractors Watkins and Phillips are unable to make water service connections.

School board will meet in monthly session at the town hall tonight (Friday) at 7 o'clock.

And still they come. Ben Baringer, well known steelworker, has filed his petition for mayor on the Republican ticket. Frank Wolfe, councilman, is having his petition as candidate for Clay township trustee freely signed.

The residents are complaining loudly of the muddy street crossings. Council is always putting the work off on account of the lack of funds.

The two foreigners, who were arrested on drunk and disorderly charges Wednesday afternoon were fined the usual \$1.50 each by Mayor Davis, Thursday.

Paul Bassman, Democratic councilman, announced Friday that he would have his petition ready for circulation in a few days, being a candidate for re-election. The Baptist church choir will hold their final practice Friday night. Special music is being rehearsed for the baccalaureate services at the church, Sunday, evening.

Mrs. Thurman Emory, Mrs. John Hemming and Mrs. Lillian Stodan are visiting Mrs. Emory's and Mrs. Hemming's mother, Mrs. Ben Veley of Wat's Station.

Mrs. Wilbur Artist and daughters, Cleotie, Vernie and Eric, will leave Saturday morning for Greenville to spend Sunday with relatives.

Mrs. J. W. Rogers, of Chillicothe, has returned home after a short visit with Mrs. Clyde Booth of Stewartsville.

Ernest Allen and Miss Lovell Cole, who were married Thursday by Rev. Albert Marling, were given an old-fashioned bachelorette at the home of Mr. and Mrs. Dave Lewis on Oak street, Thursday evening. The bride is a niece of Mr. and Mrs. Lewis and has been making her home with them. The "bachelorette" kept up a continuous noise for several hours or until the groom came out with the necessary bride.

Mrs. J. F. Moore and daughter, Helen of Oak street, will leave Saturday for Garrison, Ky., to visit relatives.

War Pictures At The Thalian

Strong endorsement of the war pictures to be shown at the Thalian tonight can be given as many Portsmouth people who witnessed them Thursday night vouch for their satisfaction. Scenes of the terrible struggle on the continent are vividly shown and the lecture given by Lieutenant Radrings, of the Dutch army, is a very intelligent explanation of the maneuvers. There are four reels of these excellent scenes. In addition there is an L-Ko comedy entitled "Rough But Romantic."

Saturday's program: Episode No. 10 of "The Master Key" shown in two reels; also, "Fanny Side of Jealousy," two reel Big L drama. "All For Peggy" is a one reel Red drama. This is an exceptionally large bill.

B. & O. S. W. Pay Checks Are Stolen

The police received a message from Detective J. S. King, of Jonton, Friday, asking them to keep a lookout for an engineer who is said to have stolen a number of B. & O. S. W. pay checks. One man had two checks of \$200 and \$100, respectively, stolen. The checks were stolen, it was said, from a man while he was asleep in a saloon. Those who had checks stolen were I. Yorkman, J. P. Treudway, J. W. Kaiser, Sam Workman, Deverly Mills, H. W. Fox, B. Maynard, W. Hutellinson, G. B. Elkins and Virgil Cox, all employees of the C. H. & D. railway.

The Movies

Rita Jolivet Makes Screen Debut in "The Unafraid" Tonight at the Columbia.

Rita Jolivet, the imitable international French and English dramatic star, makes her screen debut in Jesse L. Lasky's picture, "The Unafraid," which is to be the offering at the Columbia tonight. Associated with Miss Jolivet, and featured in the leading male role, will be Mr. House Peters, the famous romantic actor who has gained nationwide fame since his first appearance under management of Mr. Lasky and David Belasco in "The Girl of the Golden West."

The main events of "The Unafraid" all take place in Montenegro, that little but hardy country which has fought both the Dual Empire and the Turks for so long and which has suffered heavily in the recent Balkan wars. The heroine, played by Miss Jolivet, is an American girl by the name of Delight Warren, who has fallen in love with Michael Balisco, a dashing young Montenegrin nobleman, and who, evading her

guardians, goes to that strange country all alone to keep her promise of marriage. But the very hour that Delight reaches Montenegro she is captured by Count Stefan, the elder brother of her fiancé, and forced to marry him in spite of all her protests. Stefan, the character impersonated by Mr. House Peters, is truly a man of the finest instincts, and compels the girl to marry him only to prevent her wealth from going to Michael, who is conspiring with the secret agents of the Dual Empire.

Michael naturally makes the most extreme efforts to gain possession of the woman who should have been his bride, and the events of the story move forward with surprising rapidity and originality. In the end Delight comes to understand that the forced marriage, which seemed at first such a tragedy, has become the greatest happiness and good fortune of her life.

In addition to Miss Jolivet and Mr. Peters the company includes Page Peters, Billy Elmer, Lawrence Peyton, Theodore Roberts, Al Ernest Garcia, Marjorie Daw, Raymond Hatton and Gertrude Kellar.

Miss Jolivet was a passenger on the ill-fated Lusitania and went down with the ship but was picked up and rescued some two hours after the vessel sank. She was returning to her home in France.

At The Pastime, Sciotoville

There is a strong two reel drama featuring the program at the Pastime in Sciotoville tonight. It is entitled "The Girl Who Might Have Been" and is a Kay Bee recommendation in itself for the class of the picture. "Boating Heavens and Carrots" is a snappy Keystone comedy, featuring Hogan. "Do Unto Others" is a Princess drama that goes to make up one of the largest programs that could possibly be offered for the price. Do not fear the weather. There are a number of sheltered seats and the pictures are always clear and bright. Tomorrow's program includes: "Her Buried Past," 2 reel Majestic. "Caught By The Handle," a Komik. "His Mysterious Neighbors," American drama.

Two Headliners At Arcana Theatre Tonight

Manager Potts has two great features for the Arcana Theatre tonight. First and foremost will be a two-reel drama, entitled "City of Terrible Night," one of the most thrilling of productions, and one that is guaranteed to be all that is claimed for it. This picture was made under conditions that required much skill, nerve and money and is by the Imp Feature Co. The second will be a side-splitting comedy, entitled, "Oliver's Hero," a mirth-provoking play that is bound to get the laughs. Come to the Arcana, which is one of the finest little theatres in the state, and where the crowds go. The big feature program of last night played to capacity.

houses and every person present went home an Arcana booster. Manager Potts believes there is nothing too good for his patrons and has made every night a feature night. And the price of admission is only 5 cents.

5c At Temple Theatre

A wonderful photoplay by the Kay Bee's greatest fiction writer and directors, R. V. Spencer and Thomas H. Ince, Wm. S. Hart, on the Kay Bee's greatest stage, swift and powerful action, each scene a mental shock that brings you gasping to the edge of your seat. The third reel is a comedy entitled, "Do-Re-Mi-Boo," a Keystone production. This company holds the world record for length. The third reel is entitled "The Double Exposure," a Thanhouser production in which, of course, it all ends with the young pair falling in love and mothers rejoice in their children's engagement. They all make a dandy good program.

At The Exhibit

Kodak musical motion pictures are the drawing card at The Exhibit today. There are two select musical numbers, "I Love the Ladies" and "If Your Wife Wants to Go to the Country" (Let her, Let her, Let her). These numbers offer something altogether new in a motion picture way. "Her Buried Past" is a two-reel Majestic feature while "His Mysterious Neighbors" is another good picture, featuring Winifred Greenwood and Ed Coxon.

The Scenic's Fine Program

Tonight's feature at the Scenic is the thrilling Latin war drama entitled "A War Baby." It comes in two reels and will hold you spellbound from the beginning to the end. The third reel is an Esanay western drama entitled "Broncho Billy's Greaser Deputy," in which G. M. Anderson and Marguerite Clayton play the leads. The fourth reel is a Latin comedy entitled "On the Road to Reno," featuring Arthur V. Johnson and Lottie Briscoe. Tomorrow's feature is the Biograph drama, in two parts, the title of

ITALIAN AIRMEN RAID AUSTRIAN RAIL LINE

Rome, May 27.—(Via Paris, May 28)—A successful raid upon the Trieste-Nabresina railroad by a squadron of Italian hydro-aeroplanes, together with the occupation of additional Austrian territory along the Tyrol frontier and on the Friuli front are reported in an official statement issued to-night by the Italian war office. It is stated an artillery battle is raging between the Italian fortified positions on the Trentino front and those of the Austrians. The communication follows: "On the Tyrol-Trentino front an artillery combat between our fortified positions and those of the enemy at Tonale and on the Asiago plateau. To the north we have extended the territory occupied up to the mouth of the Chiave river in Lake Idro and have occupied the rugged, mountainous zone extending between Lakes Idro and Garda. "Notables Tehze in Val Hugana and other occupied parts presented themselves to our authorities, expressing sentiments of patriotism and the devotion of the population. "Our Alpine troops continue successful combats on the Carniola front where we are capturing prisoners. "On the Friuli front we occupied Grado where the population welcomed us enthusiastically. "During the night of the 26-27 a squadron of hydro-aeroplanes raided the enemy's territory, throwing bombs on the Trieste-Nabresina railway, causing damage and it is believed interrupting the line. In spite of the violent musket and artillery fire of the enemy the squadron returned safely."

19 Miners Entombed, Rescuers Still Search

Nauvoo, D. C., May 28.—Volunteer rescuers were prepared today to enter the lower workings of the reserve mine of the Western Fuel Co. who were entombed in the west level last night, after an explosion of inflammable material had buried them under tons of coal and debris. The bodies of three miners already have been recovered and a fourth man was so badly injured he is not expected to live. Thirteen others who had descended into the mine a few minutes after the explosion escaped to the surface unhurt. Scout hope was held that any of the entombed men could be rescued alive, and on the theory that they met a quick death following the explosion the search was abandoned last night and mine officials turned their attention to restoring the systems of ventilation throughout the lower levels. The progress of the searchers was impeded by accumu-

SEES BIG CONTEST FOR SUPREMACY AFTER WAR

New York, May 28.—Albert H. Gary, chairman of the United States Steel Corporation and president of the American Iron and Steel Institute, in an address today at the annual meeting of the institute, declared that after the war there would be seen among the nations the most persistent efforts to succeed in the international race for supremacy that the world has ever witnessed. Whether the United States would occupy a first or secondary place depended much upon our management of affairs, he said. There was never in history, therefore, "so great a necessity for wise and disinterested statesmanship, or for loyal and honorable conduct upon the part of practical business men."

CREST IS REACHED

Kansas City, Mo., May 28.—Although grave reports were received last night and early today from places in Kansas, Oklahoma and Western Missouri, fears of serious floods as the result of continued rains had abated, the local United States weather observer today issued a report asserting that all rivers and streams in this section are within their banks except at Kansas City and below. It pointed out that the crest of the high water in the Missouri river would be about 24 feet and is expected to reach here tomorrow. It is asserted no fears need be entertained for the main residence and business sections of either Kansas City, Missouri or Kansas City, Kansas.

Missouri, Kansas, reported yesterday entirely surrounded by the flood waters of the Delaware and Little Grasshopper rivers. In day was still in danger but it was believed the inhabitants had all reached places of safety. The Missouri river at Atchison was still rising this morning. At Springfield, Missouri, however, the water was reported to be receding, despite a steady, drizzling rain which fell throughout the night.

ALDRICH LEAVES ESTATE VALUED AT \$5,000,000

New York, May 28.—With the announcement that the will of Nelson W. Aldrich had been probated at Warwick, R. I., it became known today that his widow, Mrs. Abby P. Aldrich, is so seriously ill at her home here that she has not been told of her husband's death. Mrs. Aldrich collapsed when her husband was stricken several weeks ago and her condition has not perceptibly improved. Under the will she and three children, Edwin B. Aldrich, of New York City, Lucy T. Aldrich, of Warwick, N.H., and Richard S. Aldrich, of Providence, are executors and become trustees of the estate. It is said the estate is worth approximately \$5,000,000 and the total annual income is about \$1,500,000. A BOGUS BUILDING.

One of the boldest frauds perpetrated on the voters last fall was the claim that the Cox administration had rented a hundred buildings, more or less, about capital square to house the numerous new divisions created in the state government, at a cost of tens of thousands of dollars. So brazen was the fraud that books, purporting to give a list of these additional quarters and pictures of them, were scattered about like falling leaves.

The truth was that quarters listed and shown were practically all in use for state purposes when Cox became governor, and, in the main, had been for years prior thereto. That, however, makes another story, which is just now appearing. The state house, built decades ago has long been inferior to the task of housing the various features and facts that have thrived and increased with the passing years, and, perhaps, a major portion of the state's business is now transacted outside thereof. It was costly and ill considered to scatter the departments so widely apart as has been the practice and if the present legislature has actually, as it pretended, provided for a common office building it would deserve more credit than it is receiving. As a legal fiction it has provided for the erection of such a structure with the condition that its cost of erection shall be paid by interest received from the state's surplus funds. But there isn't going to be enough surplus funds in another year to build a chicken coop, to say nothing of a twelve story building, "with all modern improvements", as our real estate reporter stereotypes it. By other action the assembly has seen to it that and so enormously has it increased the expenditures that within two years, the seven million dollar surplus left by Jim Cox will be gone, but may be not forget. So the building itself promises to be as bogus as was the claims upon which its authors rode into office.

KEEPING AND BREAKING.

Our good young governor has approved the Gallagher bill the operators claim which he promised the coal operators he would do and the coal miners on the other hand claim he would not do.

The Gallagher measure repeals a law that was placed on the statute books during the Cox administration which required the payment of miners for all the coal they dug. It was the base of contention between the operators and miners, which led to the general and protracted strike.

There was a big fight in the assembly over the repeal, the operators and the miners each having a strong force of lobbyists on hand, and it was over it that a big scandal broke out over the misconduct of legislature, but was smothered with precipitancy that in itself was gravely suspicious.

This complimenting business sometimes has a back-hand slap to it. For instance, the Akron Beacon-Journal exclaims: "All Honor to Willis", he was unwilling for the legislature to make a fool of itself. And that but accentuates the fact that no matter how unwilling the good young governor was he didn't keep it from acting the fool. Aye, there be those of his own household who whisper he helped it.

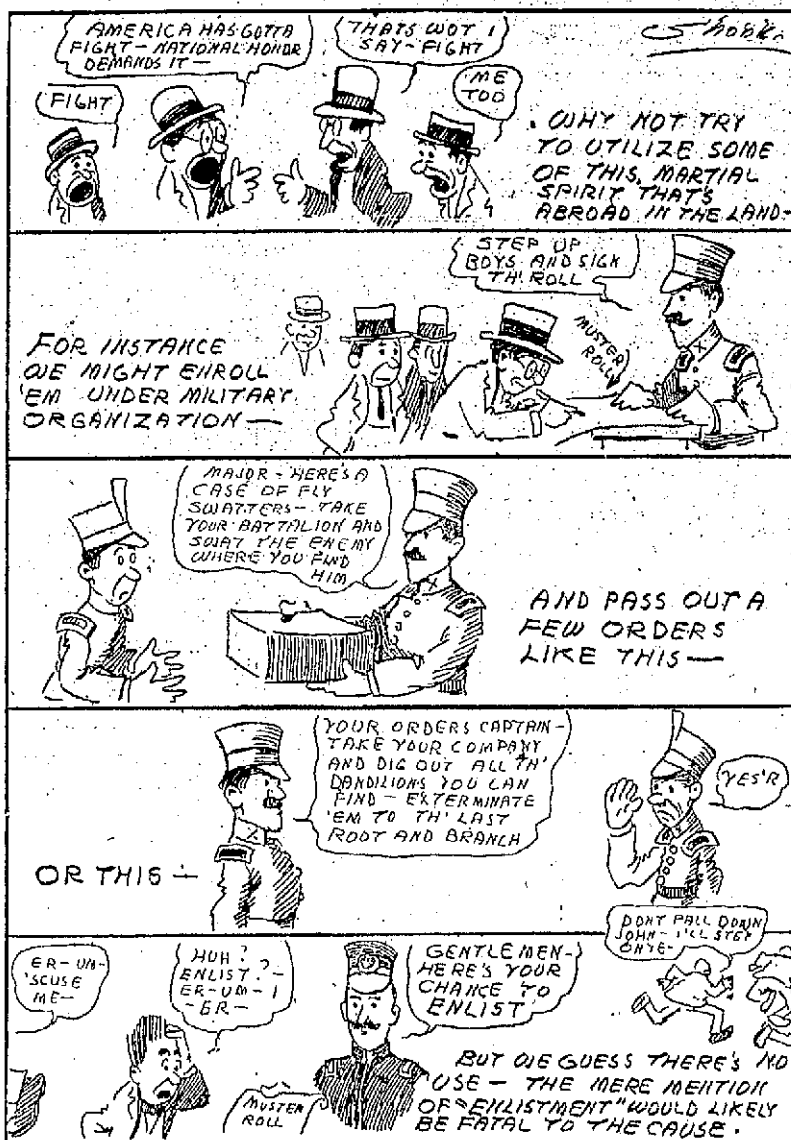

The most remarkable legislature the country ever knew has just quit business in Illinois. It passed only 34 bills. Nine-tenths of its time was consumed in electing a speaker of the house, and that suggests every assembly should get up a deadlock on speaker immediately on convening.

Mums the word. The Illinois legislature has passed a bill making it a criminal offense for a candidate to promise a certain line of action if he is elected. It will be welcomed by most of the gentry that are running round trying to sprinkle salt on the tail of an office.

Charlie Mac went into a long and secret conference with his managers George and Mac, Wednesday, and now his rivals are just that crazy to know what it portends.

These rains help the crops and they make it more evident too that there should be good roads for the quick and cheap hauling of the crops to market.

WHY NOT?

HAS THE RIGHT SOUND.

Philadelphia proposes that at noon, on the 4th of July, the people of every town and village assemble and sing "The Star Spangled Banner." To this end governors of states and mayors of cities have been requested to issue proclamation, asking the people to join in making a national observation.

There ought to be no question as to the heartiness with which the people will take up the suggestion. Here in Portsmouth such an observance could be made peculiarly impressive for it can be taken for granted that the chiming of Holy Redeemer church could be had to swell the volume of a monster chorus with the song suggested and other patriotic numbers.

Cincinnati is planning to direct its growth. From what we know of the progress of the town for some years back, its concern should be growth, not direction of growth.

At this distance Victor Emmanuel looks like the Teddy Roosevelt of Italy. Anyway he is doing a lot of posturing and making all the noise he can.

Modest merit is bound to win its way. The senior editor of this powerful propeller of progress has been appointed one of the judges of a inter-state old fiddlers' contest.

It is estimated the world uses 760,000,000 cubic feet of gas annually. No one has had the nerve to figure on the consumption of "hot air".

Both sides have had their say. Now let the law be laid down that a legislature should be its own boss. Time was when it was bigger than the governor now it has become lower than his puppet.

Be careful what you say to her over the phone hereafter. She may be cute enough to install a telescriber—that's Edison's latest invention which writes down phone conversations.

Hark from the tomb. Major Charles Dick has established political headquarters at Columbus and is going to try to rise again as a United States senator.

The general assembly is an actual "come back" and it is worse than ever, which hardly seems possible.

According to the old river man it is just the June rise dating itself a week or two ahead of time.

To Recover Fifty Cents

Police were appealed to by Mrs. Baker, of Walnut street, to recover 50 cents which she said Dolph Barry of Kendall avenue, had taken from her boy while he was on his way to a grocery. Mrs. James Barry, mother of the boy, later agreed to make good the amount, police say. The police also received complaints about the Barry boy playing "hooky" from school.

Speak Gently
Speak gently; it is better far To rule by love than four; Speak gently; let no harsh words mar The good we may do here.

Speak gently to the little child; Its love be sure to gain; Teach it in accents soft and mild; It may not long remain.

Speak gently to the young; for they Will have enough to hear; Pass through this life as best they may; 'Tis full of anxious care.

Speak gently to the aged one. Grieve not the careworn heart; Whose sands of life are nearly run; Let such in peace depart.

Speak gently, kindly to the poor; Let no harsh tone be heard; They have enough they must endure, Without an unkind word.

Speak gently to erring; know They must have toiled in vain; Perchance unkindness made them so; Oh, win them back again.

Speak gently; Love doth whisper low The hearts that true hearts bind; And gently Friendship's accents flow; Affection's voice is kind.

Speak gently! 'Tis a little thing, Dropped in the heart's deep well; The good, the joy that it may bring, Eternally shall tell.

New York, May 28.—Charles Blakesley, of the Kansas City Star, recently went to a Broadway show with a Missouri friend. It was a musical comedy and the chorus was to say the least thinly gowned. Blakesley showed little interest in the performance.

After two acts he turned to his friend and asked how he liked the entertainment. "Ripping," replied the friend. "Where?" said Blakesley, sitting up with a quick show of interest.

Alexander Woolcott, the critic of the Times, may now go back to his task of reviewing sundry productions produced by the Shuberts. They sought to bar him from all of their theatres and they did for a while by a temporary restraining order.

The Shuberts did not like the things Woolcott said about one of their plays and they told the Times not to send him any more to their houses. The Times backed up their critic and the battle was on.

The court has just held that the theatres cannot bar the critics but that they may obtain damages if malice is shown in the reviews.

A great and vital question is now being settled among the Southerners in New York. Not long ago Miss Edith Talliferro, an actress, said "he all" in the course of a conversation.

Some Southerners defended her but most of them did not. A young lady from Tennessee has just written the following poem which seems to settle the subject:

Some say, "tis 'al!"
Same say "tain't!"
Some say "it is not!"
Many say "it ain't!"

"Don't let that worry you," replied the cartoonist. "Look at the suit I have got on and I am Tad."

PUT STOMACH IN FINE CONDITION

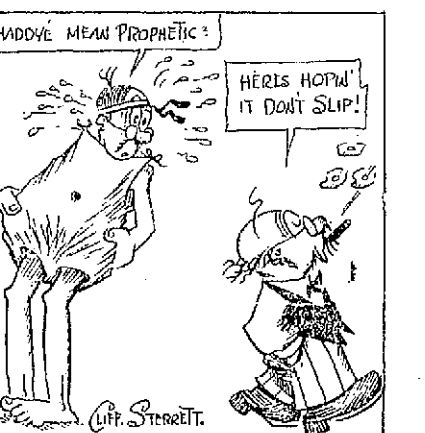

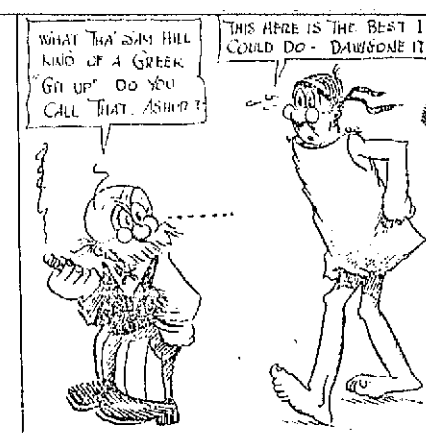

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyper-acidity. In other words, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. This everything eaten sorts in the stomach much like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate sour, or—have heartburn, flatulence, water-brash or nausea. He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices. Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care, The Daily Times, Portsmouth, O. Office Phone 60. Residence A-58.

wouldn't monkey with them, as you may make them worse by causing a sore which might eventually lead to a cancer.

Dear Dolly—Is it correct form when meeting a young man on the street to ask him to call on a certain evening if he is not in the habit of calling? RUTH.

No, it is not correct form. If you are talking to him some place besides on the street you might ask him to call, but let him set his own time.

Dear Dolly—Please tell me how to clean a white plume. BLUE EYES.

You can clean it with prepared chalk, blacking, naphtha, corn meal, or flour and gasoline. You could also get it cleaned at any of the local cleaners.

Dear Miss Wise—I would like for you to print a way to make beads out of rose petals. SUBSCRIBER.

First of all it takes a huge quantity of roses to make a small number of beads. Grind fresh rose petals 12 or 15 times in an ordinary food chopper. Before the last two or three grindings knead several spoonfuls of olive oil into the dough. To have the beads corresponding in size, measure the dough for each bead with a rather wide gold band ring. String on a hat pin and let stand for several days. They decrease one-third their original size so make them larger than you want them. When thoroughly dry take off hat pin and lay in olive oil for several hours. This however, is not necessary. String on strong black double thread. If you want an attractive string of beads alternate each rose bead with a tiny gold or silver bead. These can be purchased at any novelty counter, also the clasps to fasten end of beads.

Dear Dolly—What effect will there be on a man if he keeps his hair cut short—that is almost shaved except on top of his head? AIT.

It depends on what "effect" you want to produce. The hair will have a stiff and wiry appearance. If you want your head to look like a porcupine it will have that effect all right.

Dear Miss Wise—I am expecting a couple of out of town visitors next week and would like to give a little luncheon for them. Now I have never given anything like that before and do not know just how to go about it. I will have a maid to help me cook and prepare it of course, but then I would like to have it as nice as possible for the least expense. Any suggestions as to menu, etc., would be appreciated. YOUNG MATRON.

A nice menu for a simple luncheon is six strawberries (plump and luscious ones) with their hulls on, set around the edge of a plate with a little neatly molded mound of powdered sugar in the middle; after which nicely broiled chops, new potatoes, and fresh peas would go well, with muffins or corn bread served at the same time. Some cold boiled asparagus with a French dressing and cheese and crackers could be served next, and then a baked custard with a caramel sauce or a coffee jelly with whipped cream would top off the meal, which would not be difficult for one maid to cook and serve. After dinner coffee in small coffee cups could be served either at table or in your living room. A lovely bouquet of spring flowers, prettily arranged in a low dish or bowl in the center of the table would add charm to the occasion. Put the guest from out of town at your right—and don't worry! If you enjoy your party others will also.

Dear Dolly—Please give me the names of a few publishing

houses in your column. I want to have some short stories I have written published but don't know where to send them.

SOCIETY

The third of a series of beautiful parties was given by Mrs. D. A. Berard this afternoon at her home on Gallia avenue, where there were a large number of guests. The handsome rooms were adorned with pink, roses, peonies, white orange blossoms and snapdragons. Needlework was the special diversion, after which the guests were invited to the beautiful dining-room for refreshments. The table was adorned with a huge bowl of pink peonies and white snapdragons and pink-shaded candles. A delicious two-course luncheon was served. Mrs. Berard was assisted by Miss Katherine Dawson, Miss Ora Jean Locher, Miss Rosemary Miller and Miss Dorothy Berard. The guest list follows: Mesdames W. R. The prettie home of Rev. and Mrs. A. B. Johnson, in Sciotoville, was the scene of a delightful meeting of Mrs. E. E. Macquap's class of the Methodist Sunday school, which Mrs. Johnson, a bride of a few weeks, entertained last evening. Arrangements were made for a class play to be given in the near future. The evening was spent in music and charades. The rooms were prettily adorned in spring flowers for this occasion. The class donated one dollar to the Fresh Air Camp. Mrs. Johnson was assisted by Mrs. Martha Bentley in serving lemon ice and cake. Those present were: Mesdames E. E. Macquap, Zara Todd, Mesdames Ella Taylor, Muriel Stewart, Margaret Stedman, Emma Bentine, Rosa Bentine, Nellie and Mary Stratton, Irene Brand, Jess Todd, Myrtle Cunningham, Addie Stedman, Mahel and Laura Prior, Katherine Mannel, Bell Hitebeck and Martha Bentley.

The New Hope Class of the First Baptist church held a business meeting yesterday afternoon at the home of Mrs. George Carroll, on Baird avenue, who was assisted by Mrs. John McQuillen. Arrangements were made for an ice cream social next Thursday evening at the home of Mrs. C. C. Lika.

Mrs. Nora Mullaly left this afternoon for a visit with her nephew, Michael Whalen, in Huntington, Mr. William Whalen, of Columbus, and Mr. Edward Whalen will join their aunt in a visit at their brother's home.

Rezell "93" Hair Tonic In our opinion is the best hair tonic on the market. Sold only by us—50 cents. Wurster Bros.

Instant Hair Stain Better Than Slow "Restorers"

Nothing Will Ever "Restore" Color to Hair. It Must Be Stained If the Color Is to Be Changed—Don't Be Deceived By Slow Acting Dyes Under the Guise of "Health-Restorer" and Such Misleading Names.

Some folks would have you believe that they have discovered some marvelous combination that will "restore" color to gray, streaked or faded hair, without staining it. No such preparation has ever been discovered. Many preparations are advertised in this deceiving way—but they all depend upon subtle but not subtle ingredients for gradually dyeing the hair.

There is only one preparation so far as we know that is entirely free from all of these highly dangerous and poisonous drugs. That preparation is called "Brownatone." It is so easy and safe to apply and the wonder is that anyone ever uses anything else.

"Brownatone" instantly tints the hair to any shade of brown or lighter than may be desired. If the gray shows on your temples or is streaking your hair—if the ends of your hair are lighter than the balance of it for any reason you wish to stain all or part of your hair—try "Brownatone."

Gentlemen use it for beard or mustache.

All this without the possibility of infection, failure or harm to either hair or scalp.

No previous experience whatever is necessary when you use "Brownatone." Just brush or comb it into the hair.

A sample and a booklet will be sent you (from manufacturers only) upon receipt of 10c.

All of the leading drug stores sell "Brownatone." Two sizes, 25c and \$1.00. Two shades—one for golden and medium brown and the other for dark brown or black.

Take an "Brownatone" at your hair-dresser's.

Prepared by The Kerton Pharmaceutical Co., 25 Pike St., Covington, Ky.

Sold and guaranteed in Portsmouth by Wurster Bros. and other leading dealers.

The home of Miss Grace Adams, on Grandview avenue, was the scene of a delightful meeting of the Dobbin Daisy Club last evening, when she entertained the club at a farewell for Mrs. William Southworth. The guests were Mrs. Earl Clark and Miss Phillips. The club members present were Mrs. Southworth, Misses Ruby Heberlin, Amy Gaffney, Helen Howe, Eloise Hicks, Helen Ross, Lashen White, Lashen and Virginia Life. In serving a dainty repast Mrs. Adams was assisted by Mrs. Clark. The next meeting will be held at the home of Mrs. George Baines.

Cantata Enjoyed By A Big Crowd

A sacred cantata, "Faith Triumphant," was produced at the German Evangelical church Thursday evening and was enjoyed by a splendid audience. Mrs. Elia Cockerill presided at the organ and Mrs. Samuel Lindemeyer at the piano. The pastor, Rev. Samuel Lindemeyer, directed the chorus of 50 voices and proved himself a very capable leader. The soprano soloist was Miss

Irma Lindemeyer, alto soloist were Miss Elizabeth Pfau and Mrs. Henry Scholl, and the bass soloist Clyde Knott. They acquitted themselves very creditably, the cantata being one of the best ever heard in the city. John Wilhelm was the leading tenor. The ensemble numbers were rendered with skill and precision and the cantata revealed the musical talent that is in this large and growing congregation.

Two Ton Roll Fell On A Foreigner

George Cordes, a foreigner living in New Boston, had a roll weighing more than two tons fall on him while at work Friday morning, but Providence was with him as he was not badly hurt and no bones were broken. He was greasing the housings for the roll when it toppled over on him

and pinned him to the ground. Cordes lay motionless for a few moments and it was thought he had been killed outright. A call for a physician was cancelled when a voice over the telephone said, "Don't come, man is dead." But Cordes soon revived and was taken to his home. He escaped with bruises.

BODIES OF WAR VICTIMS WANTED FOR GLYCERINE

Chicago, May 28.—Albert Oppenheim of Marietta, Ohio, a member of the Western Nitroglycerine Manufacturers' Association, in session here, discussing means for increasing the production of glycerine, an essential element in all high explosives, today suggested using the bodies of the horses and men killed on European battlefields to obtain the necessary animal sinews.

It was declared that the war was necessitating the use of so much glycerine that the entire supply in the United States would be exhausted within ninety days. If the glycerine is entirely used up, speakers said, it will have not only an important effect on the

war, but much work, such as the development of oil wells, will be stopped.

Members discussed a plan for pooling their interests. "No explosive aside from nitroglycerine has the shattering effect necessary for shooting oil wells," said Mr. Oppenheim.

"Glycerine is produced from but one source—animal sinews—and there is no way of increasing the production unless we can make use of the bodies of the horses and men killed on the field of battle."

"In normal times the United States imports from Europe \$10,000,000 worth of crude glycerine annually. This supply has been entirely cut off."

Gallant Heroes To Rally 'Round Flag

OBITUARY

John M. Williams Funeral

Final tribute to the memory of the late John M. Williams was paid by a sorrowing family and friends at the funeral services held at the home of the deceased Friday morning at 9:30 o'clock. His body was laid to rest with ceremonies appropriate to a veteran of the Civil War and an esteemed citizen.

Large delegations from the G. A. R., K. of P., and the Contractors' association were numbered among the throng of personal friends and business and political associates who attended the services. Brief and touching was the eulogy of Rev. J. W. Dillon, who also said a prayer for his late friend. The funeral sermon was preached by Dr. T. H. McAfee, whose words were couched with comfort and consolation for the bereaved family. Appropriate music was furnished by a quartet from the Second Presbyterian church, while the bugler from the Sons of Veterans' drum corps sounded taps at the conclusion of the services.

The body was borne by six intimate friends of the deceased, all closely associated with him in his different earthly activities: Fred N. Tynes, George Gulkor, G. E. Nourse, B. P. Kimble, Marvin C. Clark and Henry Heer.

Municipal officers were closed during the services, and the city officials attended the last rites. Officers stationed at the street crossings diverted traffic from the house during the services.

John D. Jones

John D. Jones, aged 65, passed away at 12:45 Friday morning at the home of his son-in-law and daughter, Mr. and Mrs. Harry Foster of 1704 High street. Mr. Jones' death was caused by pneumonia, which followed a long illness with complications. He was a widower, his wife, Mrs. Anna Jones having died twenty years ago. He is survived by four children: Mrs. Harry Foster, Anna and Winifred Jones of Ironton, and E. W. Jones of West Alexander, Pa. Mr. Jones formerly worked in the Burgess steel mill here and for many years was employed in the various mills in Ironton.

He was a member of the Odd Fellows lodge of Ironton and of the Knights of Pythias of that city. He was an honorable citizen, a man who had many friends because of his even temperament and his willingness to assist any one in distress.

Funeral services will be held at the Foster home Saturday evening at 8:30 o'clock with Rev. E. B. Townsend of the First Presbyterian church of Ironton, in charge. The deceased was a member of the Ironton church. The remains will be taken to Ironton Sunday on the noon N. & W. train and interment will be made in Woodlawn.

John H. Servy

John H. Servy, a well-known and highly esteemed resident of this city, passed away Thursday evening, at 9 o'clock, at the family residence, 1609 Sixth street. He had been ill for many weeks with complications. When Mr. Servy developed asthma his condition became serious and his death was not unexpected. He was a well-known blacksmith and prior to his illness he was employed in the N. & W. shops in East Portsmouth. He was a member of the Blacksmiths' Union and of the Modern Woodmen of America. He had been employed by the N. & W. for the past 19 years and was a faithful employee. He worked in the old Gaylord mill and left this plant two weeks before it burned down.

Mr. Servy was born at Pine Grove Furnace in 1857. In addition to his wife, Mrs. Louise Servy, he leaves four sons, as follows: John, Frank, Edward and Albert. He is also survived by one brother, George Servy, of Columbus, and three sisters, Mrs. Mary Litsey, of Bailey, Colorado; Mrs. Gertrude Seltscher,

of Piqua, and Mrs. L. W. Baker, of Eighth street, this city. Mr. Servy was a member of the Holy Redeemer church and was a devout Catholic. He was in every way a splendid citizen and the news of his death will be learned of with genuine regret.

The funeral services will be conducted Monday morning, at 7:30 o'clock, from the Holy Redeemer church and interment will be made in Greenlawn. The last rites will be in charge of the Rev. J. E. McGulick.

Mrs. Charlotte Cutting Yost

News of the death of Mrs. Charlotte Cutting Yost, wife of Attorney Daniel F. Yost, who passed away Thursday evening at her home in Honeoye Falls, N. Y., was received by local relatives Friday morning. Mrs. Yost had been ill for five years with tuberculosis and had been bedfast since last Christmas. It is thought her illness started from a heavy cold she contracted six years ago in Reno, Nevada. Mrs. Yost formerly resided here and at one time was employed by the Horner Dry Goods Company. In addition to her husband, who was born and reared here, Mrs. Yost leaves a daughter, Marian, 18, and one son, Edgar, 16. She also leaves two sisters and two brothers, Mrs. Angie Dodge, of Honeoye Falls, N. Y., Mrs. Hattie Peel and Alfred and Clark Cutting, of Rochester, N. Y. Mrs. Yost was a most estimable woman and the news of her passing away will bring sorrow to the hearts of many local persons.

Her husband did everything in his power to combat the disease. Mrs. Yost took her to Phoenix, Arizona and Denver, Colorado, but she did not improve. She was 42 years of age and was born in Lynn, N. H. The remains have been brought back to Honeoye Falls, where the funeral services and interment will take place.

Labold Funeral

The funeral services of the late Henry Labold will take place from the family residence, 622 Fourth street, Sunday morning, at 10 o'clock, and interment will be made in Greenlawn. Ralph A. Schapiro will conduct the last rites of this aged and esteemed citizen.

August Oertel

August Oertel, aged 65 years, a well known Jefferson township farmer, died rather suddenly at the family home, Oertel's Corner, Friday morning at 6:30 o'clock of dropsy.

Mr. Oertel developed a bad coughing spell while in the city during the last Korn Carnival and his health had been declining ever since though he managed to be up and about up to the time of his death. He was born in Scioto county and was a son of the late Adam Oertel. His mother died a year ago. He was kind hearted and of a pleasing disposition and was liked by all who knew him. He never married and is survived by the following brothers and sisters: Adam, of Pittsburgh, David, of Oakland, Cal., Charles and John, at home, Miss Kate and Mary, at home, Mrs. Sarah McKnight, of Pittsburgh and Mrs. Anna Snider, of Los Angeles, Cal.

The funeral will take place Sunday afternoon and at 2 o'clock from the home. Rev. Geo. Brundage is expected to conduct the services. Burial will be in the United Brethren cemetery of Long Run.

GOOSE CREEK

The funeral of the late Amalia Thompson, who was widely known throughout the county, was largely attended. The services were conducted by Rev. Greene Willis, at the Pine Creek Baptist church, Monday, with interment in the Powellsville cemetery. A quiet, good citizen, Mr. Thompson's sudden passing away was regretted by all who knew him.

Mr. and Mrs. Daniel Gleim and family, of near Wheelersburg, spent a delightful afternoon recently with Mrs. E. Riepenhoff and family, on the creek.

Miss Mary Little, of Third street, Portsmouth, is enjoying an extended stay among relatives and friends at Wheelersburg.

Mrs. Katherine Riepenhoff, of Wheelersburg, who has been spending the past two weeks with Dogwood Ridge relatives, has gone to Portsmouth for a brief visit before returning to her home.

Miss Lena Thicken, of Marion, is here for a ten days' sojourn with her sister, Mrs. Joseph Simon and other relatives.

Miss Minnie Kregar and Mrs. D. Gleim were in the city shopping last Friday.

Mrs. Fred Essman, of New Boston, and sister, Miss Rosa Schwanberger, of Portsmouth, spent a day the fore part of the week with Lick Run friends. Mrs. Essman has fully recovered from a serious operation she recently submitted to at Hampstead hospital.

Empire Grange will give an ice cream and strawberry social at their hall, near here, on Saturday evening, May 29.

Mr. and Mrs. Frank Thicken and little son, Paul, of Portsmouth, have returned home after a several days' visit at the home of Mr. and Mrs. John Thicken.

The Turkey Foot ball club was given a pleasing reception Sunday when they defeated the Powellsville team by a 10 to 1 score. The boys who claim that Powellsville is growing stale surely have a lot of stuff this season as defeats are rarely heard of.

HAVERHILL

Mrs. Frank Boynton and son, Fred, were in Ironton Friday.

Mrs. Frank Gibbons and little grand-daughter, Dorothy Scott, of McDermott, were guests of Mrs. Howard Keiser, of Ironton.

Mr. and Mrs. Haven and their guests, Mr. and Mrs. Skorr, of Chillicothe, were Ironton visitors Friday.

Mr. and Mrs. G. W. Trumbo motored to Portsmouth Saturday evening to visit Dr. and Mrs. L. C. Looker.

Mr. and Mrs. Charles Austin had as guests, Sunday, Mr. and Mrs. Philmore Musser and daughters, Ethel and Isabel, and Mrs. DuBois, of Portsmouth, Mrs. Ella Mathewson, of Charleston, W. Va., and Mr. and Mrs. Oscar Oakes.

Will Winters, of Marion, was a guest of his brother, Gena Winters, Sunday.

James Hughes returned Sunday from Lynn, after spending a week with his mother.

Mr. and Mrs. S. E. Crienberger made a trip to Portsmouth on Monday in their new auto.

Mrs. Anna Ault went to Wheelersburg and back Tuesday on the boat.

Daniel Davidson is having a fine new porch added to his house. The work is being done by the Ault Bros.

Mrs. Clarence Gill, of Colorado, is to spend several weeks with her parents, Mr. and Mrs. Asa Boynton.

Joseph Boynton shipped some fine beef cattle to Ashland.

BUSY BEE

Several from this vicinity attended the baptizing at Bloom, Sunday.

Miss Betha Grant spent a few days last week as the guest of E. C. Gilliland and family.

C. S. Stevens and wife were the guests of E. M. Dever and family, Sunday.

Abbie Gilliland has been staying with her brother, C. S. Gilliland, of Stockdale, the past week.

The young folks of this vicinity gave Mr. and Mrs. W. E. Burton an old-fashioned belling Monday night. Edna Comer, Betha Grant, Roy, Floyd and Evan Gilliland were the guests of Harry and Blanche Gilliland, Sunday.

D. E. Ruhl was a business visitor to Ironton, Monday.

Joe Keirns, and wife, were guests of Joe Reynolds and wife, Sunday.

JR. O. U. A. M. HAS BIG TIME IN OBSERVING ITS 62ND ANNIVERSARY

Portsmouth Council, Jr. O. U. A. M., celebrated the sixty-second anniversary of the founding of its order with fitting ceremonies Thursday evening, a banquet and an enjoyable program following the regular business session. Over two hundred members and guests were present and thoroughly enjoyed the exercises.

A delightful feast was spread in the dining room at the close of the meeting. C. B. Grouger, officiated as master of ceremonies of the following program:

Selection—Junior Order Strong Orchestra.

The Star Spangled Banner—Solo—Robert Holbrook.

The Progress of the Order—Dr. B. C. Fair, of Dayton, O.

Juniors As We Know Them—J. R. Puckett, of Ironton.

Testing Tonight—Quartette.

Our Home Council—Owen Hopkins.

History of the Order—Frank H. Schmidt.

Son—America—By all.

Several of the members of the Council responded with brief impromptu talks on the good of the order.

At the business session it was decided to enter into negotiations with the Johnny Jones Carnival company of Massillon for an engagement in this city. A committee of William West, William Boyles and Ollie Peed were appointed to have charge of the negotiations.

Three candidates were elected to membership at the meeting: Cassie Morgan, John Lawhorn and Esia Fry, of Kinsey, Ky. They will be initiated along with some other candidates at the meeting next Thursday evening.

Nominations for those offices which are for a term of six months only were made as follows: Past Councilor, Arthur Blake; councilor, Alva Cowin; vice councilor, C. M. Eligor, M. B. Cooper; assistant recording secretary, C. A. Eligor; conductor, William Hall; warden, C. M. Eligor; and A. M. Crouch; inside guard, Elza Osborn; outside guard, A. M. Crouch; James Barber; trustee, William West, Owen Hopkins. The election will be held next Thursday evening and installation the first week in July.

Arrangement was made that word had been received from Dr. J. L. Ware, brigadier general and Colonel E. A. Llewellyn, of the uniformed rank, with headquarters at Cincinnati, that the annual encampment of the Uniformed Rank of the State would be held here in this city during the week of August 8. York park will be used as camping ground, permission having been secured from the city authorities. Military maneuvers of all kinds will feature their stay. Company 1, of Cincinnati, will bring its famous minstrels along and they will show here on the evening of August 11.

The speech of Frank H. Schmidt, past councilor of Portsmouth Council, on the "History of the Order," was in part, as follows:

On July 8, 1853, the order in the United American Mechanics was founded in the Jefferson Temperance Hall, at Philadelphia, Pa., by some thirty-five mechanics. None but mechanics were eligible to membership and continued so until the year 1861, when the constitution was amended so that professional men who work with hands were eligible to membership if they met the requirements of birth and character, of character. In short, the Jr. O. U. A. M. was a patriotic, social, fraternal and beneficial order. At the close of the year, June 30, 1852, the senior order had sixty-eight members with a membership of 4,233. No one was eligible to membership under the age of 21 years.

HOW TO HEAL SKIN-DISEASES

A Baltimore doctor suggests this simple, but reliable and inexpensive, home treatment for people suffering with eczema, ringworm, rashes and similar itching, burning skin troubles. At any reliable drugstore get a jar of resorcin ointment and a cake of resorcin soap. These will cost a bit more than recently-five cents. With the resorcin soap and warm water bathe the affected parts thoroughly, until they are free from crusts and the skin is softened. Dry vigorously, spread on a thin layer of the resorcin ointment, and cover with a light bandage—necessary to protect the clothing. This should be done twice a day. Usually the distressing itching and burning stop with the first treatment, and the skin soon becomes clear and healthy again.

A HINT FOR SHAVERS

If you want a refreshing shave, with a thick, creamy lather, try a resorcin shaving stick. It contains the soothing, healing, resorcin medication which makes it especially welcome to men with tender faces.

We now come to the origin of the Junior Order of United American Mechanics.

Three members of the Senior Order: Gideon D. Smith, Elliott Smith and William M. Weckerly conceived the idea of forming an organization of the youths, from the ages of sixteen to twenty-one. Acting upon their own impulse and receiving recognition from some of the other members, Washington Council No. 1, Junior Order of United American Mechanics was instituted in the upper room of the Concord school house of Germantown, now a part of Philadelphia, May 17, 1853. With the motto of honesty, industry and sobriety. The charter of the first council contains but twelve names. To the members of the Junior Order, the old Concord school house is a sacred spot. Not only because the order was born there, but of the hallowed associations of the revolutionary struggle that lingers around the place.

After many changes the order now has four objects and three principles. Our motto: Virtue, Liberty and Patriotism; and our objects: First, To maintain and promote the interest of Americans and to shield them from the depressing effects of unrestricted immigration, to assist them in obtaining employment and to encourage them in business. Second: To provide for the creation of a fund or funds for the payment of benefits in cases of illness, disability or death of its members. To members, their legal dependents or representatives and to issue certificates of membership for the same. Third: To uphold the American free public school system; to prevent any interference therewith and to encourage the reading of the Holy Bible in the schools thereof. Fourth: To promote and maintain a national orphan home.

Portsmouth Council, No. 38, was instituted April 3, 1902, to the motto of "Virtue, Liberty and Patriotism." The state deputy was Kirk Staiger, of Olive Hill, Ky. Our council started with a charter membership of 24. Today we have 284 members. While not the largest, we have one of the best councils. The first councilor of the order was William Miller and Vice Councilor George Davis. This council a year ago presented every school in Portsmouth a beautiful American flag, which now floats over our beloved institutions of education. This order upholds the reading of the Holy Bible in the schools, not to teach sectarianism but to teach virtue in the highest and noblest sense.

Portsmouth Council has a debating team of five members that will debate any subject with any council in the state. The uniform rank consists of thirty members of which we are justly proud. Company V is connected with the Ohio Second Regiment of the Jr. O. U. A. M. We have 22 past councilors of the order and a past councilors' association. On August 10, 1911 and August 12, 1914, our council assisted by the good people of Portsmouth, entertained the 42nd annual session of the State Council of Ohio, with over 500 delegates and it is still fresh in the memories of the people of Portsmouth. Our council is always ready to welcome brothers of the order who happen to be visitors in the city, and will always try to make them feel at home. So many people think that they must be a mechanic to become a member of our order, but not so. Any American born citizen of sound health, good moral character, between the ages of 16 and 50, can become a member of the order.

"Fun Night" Held At Trinity Church, A Delightful Affair

"The Scientific Country School" presented in the basement of Trinity M. E. church Thursday evening was conceded on all sides to have been one of the most pleasurable entertainments of the kind ever presented in this church.

It afforded an evening of unalloyed pleasure and an audience that taxed the capacity of the basement enjoyed every feature of the splendid arranged and executed play. It collectively carried out play. It snatched of the good old school plays and carried the audience back to their "kid" days.

It was given under the direction of the Ladies' Aid Society and refreshment booths stationed at various places did a fine business. Old time revelry and fun prevailed and laughter rang through the basement while the playlet was being presented.

Mrs. Vaughn Shiers created the role of the teacher and did it most exquisitely, injecting a lot of wit and originality into her characterization.

The school directors were Mark Crawford as Director Hays, a stylish bachelor; E. P. Price, as Director Oats, and Jack Hood as Director Shocks. Mr. Price and Mr. Hood favored a plan to modernize the school and they were opposed by Mrs. Shiers and Mr. Crawford and the dialogue between them was exceedingly funny at times. The scholars, who were humorously attired were as follows: M. H. Shumway, J. H. Finney, P. V. Davidson, Harry Shumate, Charley Bennett, Theo Porter, Prof. Trout, Mrs. Rahm, Mrs. Easterday, Mrs. T. H. B. Jones, Mrs. John T. Breese, Mrs. W. B. Anderson, Mrs. Harry Cranston, Mrs. George Egbert, Mrs. E. B. Lancaster and Mose Gilkerson. Mrs. J. R. Coleman enacted the role of Maud Muller, Mr. and Mrs. M. H. Shumway were Lord Ronald and Lady Claire, Mrs. George Beumler and Roy Prather were Babes in the Woods, Bruce Thomas, Harry Jr., Arthur Gulkar, Harold Monroe and George Wilson were characters that were modernized, and the children of "The Old Woman Who Lived in the Shoe" were Mrs. John Lutz, Mrs. Charles Rice, Mrs. C. N. Smith, Mrs. Ralph Gardiner, Mrs. Belle Smith and Mrs. Eva Riggs.

It was an evening devoted to pleasure and the playlet was the greatest kind of a success. The characters were school room characters and their antics carried one back to dear old school days. It was stated today that the entertainment will net about \$100.

The cast was as follows:

Teacher—Mrs. Vaughn Shiers.

Director—Oats—Mr. Price.

Director Hays—Mark A. Crawford.

Director Shock—E. C. Hood.

Popils:

Eliza Evans—Mrs. Lancaster.

Lavinia Jordan—Mrs. H. C. Cranston.

Elmira Elkins—Mrs. Lou East.

Sarah Simpkins—Mrs. Egbert.

Matilda Ann Hooker—Mrs. Gahn.

Donaldson Bangs—P. V. Davidson.

Hiram Higgins—Prof. Frank Appel.

Josiah Jenkins—Mr. Bennett.

Avaner Beadle—M. H. Shumway.

Goliath Jones—Mr. Shumate.

Abigail Briggs—Mrs. T. H. Jones.

Ezra Green—J. H. Finney.

Samantha Doodlespeck—Mrs. W. B. Anderson.

Melinda Thinkenbine—Mrs. J. T. Breese.

Tommy Tompkins—Mr. Weaver.

Lockinvar—Bruce Thomas.

Maud Muller—Mrs. Coleman.

Lady Claire—Mrs. Anne Shumway.

Babes in the Wood—Mrs. G. C. Beumler and Mr. Roy Prather.

Six little girls—Mrs. Lutz, Mrs. Ralph Gardiner, Mrs. C. W. Rice, Mrs. C. N. Smith, Mrs. Belle Smith and Mrs. Carrie Riggs.

Four little boys—Harold Shumway, Harry Matthioli, Arthur Gulkar and George Wilson.

ODD FELLOWS MAKE PLANS

At a meeting of Canton Orient, Patriarchs' Militant, Thursday preliminary steps were taken towards sending a grand sized delegation to the grand encampment of Odd Fellows at Columbus in July. A report was

also received from the committee on arrangements for the memorial exercises of the order to be held at Greenlawn cemetery on the afternoon of the first Sunday in June. Rev. A. R. Cannell, pastor of Bigelow Methodist church, will deliver the memorial address.

GOT ROYAL WELCOME IN CINCY

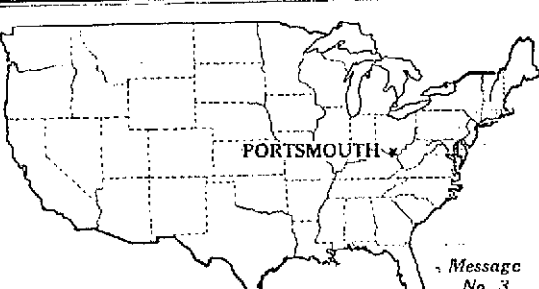

Police Chief W. T. McCarty, who took James Craig and Melvin Jenkins, petty thieves, to the workhouse, returned from Cincinnati Thursday night, fairly loaded down with trinkets and souvenirs. The chief was royally entertained as one of the guests at the Police Chiefs' National Association meeting. Although not a member himself, he was most royally entertained.

Jitney Arrested

Police rounded up a veritable jitney brigade Thursday night, for the five drunks arrested had but 5 cents between them. The lucky one was too drunk to give his name and he was registered as John Doe. He had been found down and out at Twelfth and Railroad streets. The others were William Welch, Bill Bi-hop, J. W. Pipers, who was found hopelessly drunk near the George Focher saloon, and Thomas

Buckley, who was found sleeping off a jug in a box car in the East End. The latter was ordered out of town two days ago for loitering.

Bi-hop was released on his promise to pay a \$5 fine. The others were unable to make such arrangements and were put to work under Benny Boydston cleaning brick on the city building lot. Ten minutes later the quartet escaped.

To the Business Men of Portsmouth

Prosperity and local pride are twins. They are born at the same time and grow up together. Enthusiasm for the home town is a great thing for local business men. Once developed, this feeling shows direct returns in more sales and bigger profits.

Have you ever seen a shabby town proud, or prosperous? Good point is a powerful factor in keeping prosperity after a community has won it.

SENSATION BREAKS IN BAUCUS MURDER MYSTERY

Confession Made
Says The Police

The police officials are busy reviewing and confirming the salient features of a confession they have from a prisoner who claims to have been an eye witness to the murder of James A. Baucus, the N. & W. detective and former chief of police, who was slain in the East Portsmouth yards the night of December 6, 1914.

The officials had been carefully guarding the confession all week and really had expected to keep it quiet until the murderers were captured but it had become noised about town and they then felt it no longer possible to suppress the matter.

The informant has furnished

them with the names of the gun men and as they are known to the police authorities of the various cities and towns throughout this section their early capture is anticipated.

The man gave as his reason for confessing the fear that the two desperadoes would sooner or later commit a crime and then to regain their liberty would confess to the Baucus murder and fasten the crime upon him, thereby making him the "goat." Believing that to make public any names or details would retard them in their efforts to run down the murderers the officials have declined to talk for publication. The Times, therefore, prints no further details.

Pleaded Not Guilty

George Pisanisi, a foreigner, of New Boston, was arrested Friday afternoon on a warrant charging him with attempting to provoke Chris Malavazos, of this city, to commit a breach of the peace. He was arraigned before Squire Byron later, and pleaded not guilty. He was released on his own recognizance to appear for hearing next Wednesday.

Argument Ends In Murder;
Earl Jones Kills George Stepp;
Chatteroy Aroused By Crime

REPRIEVED

George Stepp a pool room proprietor of Chatteroy, W. Va., was shot and killed by Earl Jones deputy sheriff, the murder taking place near the pool room about five o'clock Thursday afternoon. After a word argument it is alleged Stepp and Jones clashed and rolled on the ground and Stepp seemed to have the better of the fight until Jones pulled his 38 revolver and sent five bullets into Stepp's body. Stepp died a short time after. Jones crossed the river to Kentucky it is claimed. Police officials of Williamson, W. Va., were notified and they went after Jones, who later gave himself up. He is in the Williamson jail. Merle Gilkerson, N. & W. brakeman, who was in Chatteroy Thursday night brought word to this city Friday that the town was greatly wrought up over the affair. Stepp owned the greater part of the land at Chatteroy. Jones was formerly a coal miner.

Cultivate Art of Listening.

Listening always implies understanding, for neither the babe nor the sage will come and talk to us if our understanding has not first awakened them and called them forth. "Council in the heart of man is like deep water," says the ancient, "but a man of understanding will draw it out."

Foreign Doctors.

One does not need to be a citizen of the United States in order to be permitted to practice medicine in this country. The foreign-born person, if able to pass the required examination, can practice as well as the native born.

A Fashion Hint!

Pictured is a waist that is suitable for misses as well as women. The waist or undergarment is a very simple affair that may be developed from any soft material. Lace, chiffon, and tulle, or even of China silk will be a good selection.

Old Knee Joint.

Estimated by scientists to be from 250,000 to 275,000 years old, the petrified knee joint of a mammoth was unearthed at Long Beach, Cal., by workmen twenty-eight feet below the surface. The discovery has been presented to the chamber of commerce by Anton Cherniske, the finder. The knee joint of the largest species of animals that ever roamed the earth is well preserved, despite its great age. It measures 15 inches in length and 12 inches in diameter.

The Spur of Necessity.

Freedom to do exactly as one chooses, if long continued, usually brings one to a point where nothing seems worth choosing. We forget, the counterpart of duty and the spur of necessity, but there is nothing in life that supplies such zest as the fact that things must be done and are given into our hands to be accomplished.

THE MAN WITH THE CROUCH

AS HE SEES PRUSSIAN ARROGANCE AND BRUTALITY

With a keen eye the Man-with-the-Crouch would carefully over his belongings and eliminated everything that was distinctly German. In place of the heavy ugliness of the German stein on his mantel shelf he put a graceful piece of old Venetian glass. For the bust of Goethe on the bookcase he substituted the bust of a greater man—Shakespeare.

The famous picture of Queen Louise of Prussia, with its clever imitation of French grace, gave way to a genuine expression of the French spirit in a beautiful picture. From the music room Wagner's portrait was banished and Tchaikovsky's portrait was banished and Tchaikovsky's portrait was banished and Tchaikovsky's portrait was banished.

"I'm doing that," he explained to Biluke, "because I find it is necessary to express my disapproval of Germany's present attitude in every possible way."

IN PLACE OF THE GERMAN STEIN HE PUT A PIECE OF OLD VENETIAN GLASS.

"I find on all sides a subtle propaganda going on to approve and further the German idea. Now, as I see it, the German idea today is mainly Prussian arrogance and brutality. I cannot countenance such things."

"My aunt came back from a visit to Germany three years ago, burning with indignation at the insolence of German military officers. She had spent a few months in Berlin and declares that on several occasions she, a woman, had been forced off the sidewalk to make room for insolent army officers who were passing by."

"That spirit of intolerance has grown until it expresses itself in the slaughter of innocent Belgians and the ruthless murder of non-combatants and innocent women and children."

"And the worst of it is that the Germans are pushing their propaganda and are growing too stupid to stand up and tell them just how atrocious they are!"

LOCAL TEAM DEFEATS CHARLESTON SENATORS

Opening Game Was A Victory, 8 To 2; Jacobus In Form

Charleston, May 28.—Manager Ruddy Beers in an effort to defeat Portsmouth here, Thursday, posted out his new men, Grimes and Sikes, but they failed to turn the trick, Portsmouth winning handsily 8 to 2.

Complying with some of the league rules, Michaels had to be released because of his former professional experience. Grimes was put in his place and no one can accuse him of being a former professional. He plays the game like a school boy. His way came around all right within a few days and developed into a wonder at the short field but it is hardly probable.

Sikes played a fair game in left field. The Cobblers' war clubs proved to be what figured more in the downfall of the Senators. When anything else was sent out to bring in the victory, failed to put it over because the visitors fell on his offerings and knocked them to all corners of the lot. After the second inning the boys began regularly to hang figures instead of ciphers. In their half of the indicator.

Up until the seventh inning only one local player had been able to get on base. That very fortunate one was Ahner, who has been playing a fair game in the last three games. In the second inning he scratched a single into short but two bad ones out ahead of him and Sikes rolled an easy one to Spencer for the third run.

The locals didn't even get another hit until the seventh inning, when three singles by Beers, Troutman and Hudson filled the bases. Ahner then sent a sacrifice fly to Melberry in center and Beers came in with the first local run. On Sikes' roller to Bush for the second out, Troutman came in and Sikes made the third out by rolling one to Jacobus.

Jacobus, who worked against Sikes, pitched a good game and the result was over in danger. He pitched an eight hit game and the result was over in danger. He pitched an eight hit game and the result was over in danger.

The visitors first runs came in the third inning when Bush hit a double to left field. Sikes had started off with three straight strikeouts in the first inning, and in the second only four men had been out. Then came a single over second. When Bush sent his home double into left field Sikes started to weaken and lost control. He passed Melberry, the next up, and Jacobus advanced both runners with a roller to Sikes. Sikes missed three wide ones, but Hudson sent a double to center and Sikes and Melberry scored. A bunch of hits in the fourth gave them three more runs, and in the fifth two more singles netted another. They got some more hits in the sixth, an error by Troutman let another run in and in the ninth a single sacrifice and a passed ball by Sikes let in their eighth tally. The score:

GREAT WEEK WITH STICK

Friends of "Irish" Conwell will be pleased to learn that he is hitting in old time form for the Vero, Texas league team. Last week he was up 11 times and cracked out 5 hits, two of them being doubles. His swatting average for the week was 555.

HEINIE PEITZ RETIRES

Peit Wayne, 1st, May 28.—Heinie Peitz, Cincinnati minor and veteran big league catcher, has retired from the game because of illness. An indefinite leave of absence was granted him today by President Lewis Holtzman, and he is expected to return to the team in the near future.

BABES ARE CLIMBING

Fans are watching the work of these climbing Babes. They are playing consistent ball and are right on the heels of the leaders. Josh Devore is hitting a lot of good baseball into his men and they are coming through with a good many victories.

Beanies Miss Johnny Evers

There are breaking badly for the Boston Nationals, Johnny Evers says it will be a full month before he will get back into the game. This means that the Beanie will not see many games during the next 30 days. The Peerless Beanie has failed to win a big flock of games.

Local Players Are Given Fine Boost

The Dallas, Tex., correspondent to the Sporting News has the following of interest to say about former Portsmouth players in the Texas League, weighing in with a big boost for Conwell: Waco still has most of its great team of last season and lately has secured Coyle and Bowden to strengthen the outfield. Hardy has picked up a good man in Conwell and has switched Tanner to the outfield, as the scrappy infielder felt that Conwell would strengthen the team and asked to be sent to the "outer garden" to give him a chance. Markle Douds and Ogle are pitching great ball and the team is hitting behind them.

Greetings To Fohl

Greetings to another "Bush league manager," Lee Fohl, who will handle the Cleveland Indians for awhile. Fohl has had great success not only in managing minor league teams but in developing pitchers. He is the man who won four straight pennants with the Akron team. He is not so young as he looks, and he is not so young as he looks, and he is not so young as he looks.

Dare Devil Barney Will Not Defy Death

Indianapolis, May 28.—Barney Oldfield, dean of American race drivers, will not appear in the 500-mile contest at the Indianapolis motor speedway Saturday. The car which Oldfield entered for the race was damaged beyond repair in practice. The veteran driver then was offered a place on a number of teams, but the cars did not suit him and he refused the offers.

BOY SCOUT BALL GAMES SATURDAY

Games will be played at York park. PEERLESS LEAGUE Standing W. L. Pct. East End..... 3 1 .750 Athletics..... 2 1 .667 Kendall Ave..... 2 2 .500 Tigers..... 0 3 .000

Games in the Boy Scout League Saturday afternoon will be of unusual interest, and will no doubt be largely attended. The first contest will be between the Tigers and the Kendall Avenues, and will be called promptly at 3 o'clock. The batteries will be Hudson and Hudson; Duggan and Paxon. The second game will create much interest as well as the East End and the Athletics will battle for first place honors. Batteries for this game will be Moore and Graf; Bellamy and Vaple. The Tigers who have not won a game this season, will be greatly strengthened by a new infielder, Fortner, who is one of the fastest Boy Scout players in the city. All

Cal Crum Going Fine Big Cal Crum recently pitched a three hit game against Shreveport and San Antonio won 7 to 1. Crum is declared by expert critics to be one of the best pitchers in the Texas league this year.

BASEBALL Kiegler To Meet Skilled Wrestler

Who is the champion light heavyweight wrestler of America? This question is to be decided Saturday night at the Moose hall when Charles Kiegler, steel worker at this city needs who gained under the name of Jack Clayton threw Kiegler the first fall and the local man won the last two, and the falls being obtained by using his famous toe hold. Kiegler is sure he will bring the light heavyweight championship to the city. He is only 23 years old and weighs 190 pounds while Kiegler is 43 and weighs about the same. They will go to the mat promptly at 8:15.

Big Guns Turned On Baseball Pools

New York, May 28.—Baseball authorities here see in the trial of Wm. Rapp at Chicago and the arrest of two men at New Orleans, the beginning of a nationwide campaign against baseball pools. It was said today that the matter would be called to the attention of the district attorney in this city and the facts will also be presented to Gov. Whitman. President John K. Tener of the National league was outspoken in condemning pool betting. "It should all be wiped out," he said.

600 ATHLETES ENTERED

Philadelphia, May 28.—Clear, cool weather, a fast track in perfect condition and a field of more than 600 athletes, the pick of the state or more colleges in the association, promised record breaking performances in the fourth annual track and field championships of the Intercollegiate Association which opened today on Franklin field.

Caton Was Game

Evidently Hossy Caton, crack local shortstop, was not badly hurt when he slipped on of pitcher Sikes' fast ones with his head in Thursday's game at Charleston. When the ball struck Caton he was rendered unconscious for a short time and apprehension was felt that he was badly hurt, but he finally blinked his eyes twice on six times, and then rolled down to first base. He received a wicked blow.

Are Not Hitting

The Charleston Gazette says: Unless the place occupied by Michaels for the past few days can be filled, and filled quickly, by a player who can hit the ball it is a sure bet that the Senators will continue losing games. What the local team needs is a bunch of fielders who can also hit the ball. Sikes and Beers so far this season have failed to get their batting eye in training and none of the others were known to hit, because they did not play in this league. Something must be done or they will not finish better than the second division.

Same Old Eddie

There is one thing Eddie Egan could always do and that is crack the old pill. Egan is leading off for the Melones and last week he climbed up to the plate 17 times and batted out 6 hits, giving him the very respectable average of .353.

"Innocent Bystander"
Cut With A Knife

William Wilson of 917, Ninth street, received a dangerous wound in the left leg just above the knee Thursday when a butcher knife struck him.

It was wielded by Joe Beckett, bartender in William Frederick's saloon on North Chillicothe street, and he intended to scare another young man, who was engaged in a kidding match with him. Wilson was taken to a physician's

office and six stitches had to be taken to close the wound. Mr. Beckett says he did not intend to cut any one as he swung the butcher knife around playfully and Wilson stepped in front of it.

WHEN DINNER COMES

One Ought to Have a Good Appetite

A good appetite is the best sauce. It goes a long way toward helping in the digestive process, and that is absolutely essential to health and strength.

Many persons have found that Grape-Nuts food is not only nourishing but is a great appetizer, and children like the taste of it and grow strong and rosy from its use.

It is especially the food to make a weak stomach strong and create an appetite for dinner.

"I am 57 years old," writes a Tennessee grandmother, "and have had a weak stomach from childhood. By great care as to my diet, I enjoyed a reasonable degree of health, but never found anything to equal Grape-Nuts as a standby."

"When I have no appetite for breakfast and just eat to keep up my strength, I take 1 teaspoonful of Grape-Nuts with good rich milk, and when dinner comes I am hungry. While if I go without any breakfast I never feel like eating dinner. Grape-Nuts for breakfast seems to make a healthy appetite for dinner."

"My little grandson was sick with stomach trouble during the past summer, and finally we put him on Grape-Nuts. Now he is growing plump and well. When asked if he wants his nurse or Grape-Nuts, he brightens up and points to the cupboard. He was no trouble to wean at all—thanks to Grape-Nuts."

SOCIETY

The ice cream and cake social given by the Loyal Barons of the First Christian church, Thursday evening was surprisingly well attended, considering the inclemency of the weather. The class realized a handsome sum from the venture. The First Christian band rendered several splendid selections, and all in all the affair was a genuine and happy success.

The reception tendered the Women's Union of the First Christian church by the good women of Section Three at the home of Mrs. Fred Valliant at the home of Mrs. Fred Valliant of Seventh street Thursday afternoon was a most splendid success, upwards of seventy women being in attendance. The Valliant home was beautifully and artistically decorated with roses and potted plants, while the tiny flags used as favors added a patriotic tinge to the affair, being very appropriate considering the season of the year. Ice cream and assorted cakes were served as refreshments, following a spirited business session, at which time many problems confronting the church were happily solved. The women of Section Three covered themselves with glory as hostesses and were warmly felicitated upon the elegance of the reception.

Mr. and Mrs. Lemoyne Wasson and the latter's brother, Roy Potts, expect to spend Sunday and Decoration Day with home-folks at Seneca, O.

Miss Gladys Evans entertained this afternoon at Auction Bridge at her home on Gallia avenue. The

rooms were beautifully adorned with roses and other attractive spring blossoms. There were enough guests for six tables. At the end of the game delicious refreshments were served by Miss Evans, assisted by Mrs. Lucien Doty, Miss Kate McConnell and little Miss Gladys Doty.

Mrs. James Patterson has issued invitations to a dozen ladies to luncheon at one o'clock on Wednesday, June the second, at the Washington Hotel, for the pleasure of Mrs. Charles Lacer, of Havana, Ill., the charming guest of Mrs. Wade S. Kennedy, of Gallia avenue.

Mr. and Mrs. H. C. Bugh, of Bristol avenue, have as guests Mr. Bugh's brother, sister and niece, Mr. O. C. Bugh, Mrs. H. D. Weaver and daughter, Josephine, of Columbus.

Mrs. Earl Lawson was hostess at this afternoon's meeting of the Country Club at her home on Second street. The afternoon was spent in needlework, after which refreshments were served. Mrs. T. B. Lawson will be hostess at the next meeting.

Wade S. Kennedy was a business visitor in Cincinnati this week.

Rev. and Mrs. F. W. Chase are entertaining at dinner this evening as an anti-nuptial favor to Miss Lucy Long, fiancée of Mr. Paul Haley, of Russell, Ky. The table is beautifully decorated with scarlet hearts and scarlet flowers. Covers are laid for Miss Lucy Long, her mother, Mrs. Mary Long, sister, Miss Laura Long, niece, Miss Lois Snyder, and Rev. and Mrs. Chase. The wedding will take place at high noon Monday, May thirty-first, at the home of the bride's mother on McCannell avenue. The ceremony, which will be said by Rev. Chase, will be followed by a dinner for the immediate family, after which the bride and groom will go to Russell to make their home.

Mrs. Lucien Doty has returned from a visit in Cincinnati.

Miss Edna Marting will give the second of a series of vocal recitals Sunday evening, June 6th, at four o'clock, at the Second Presbyterian church, where she will be assisted by Mr. Chester Lloyd and Mr. Albert Marting, who will sing a duet.

Mrs. Guy Thompson went to Cincinnati this afternoon to join Mr. Thompson for a few days' visit.

Mark W. Selby is at home from a business trip in Cincinnati.

Miss Clara Rowe, of Glover street, will spend the week-end with her cousin, Miss Elsie Rowe, at Coal-ton.

Mrs. Theodore Shump, of Sciotoville, entertained fifteen women yesterday at her pretty new home on Center street, for the benefit of the Fresh Air Camp. The diversion was needlework and music. Refreshments of ice cream, cake and coffee were served.

P. H. Harsha has returned from a visit at his old home in Harshaville.

Mrs. George Hobstetter and Mrs. H. C. Bugh entertained the Central Presbyterian Kensington Circle yesterday afternoon at Mrs. Bugh's home on Baird avenue. The guests were Mrs. Shute, Mrs. Hoffner and Mrs. H. D. Weaver and daughter, Josephine, of Columbus, guests of Mrs. Bugh. After an enjoyable afternoon spent in needlework the hostesses served refreshments.

Miss Ourtrude Bender is planning an outing at Camp Washington for over Decoration Day, when she will entertain several of her friends employed in Anderson's store.

The All Saints' Woman's Auxiliary held the regular monthly meeting yesterday afternoon at the home of Mrs. George Small on Sixth street. Miss Anna H. Ross read her report of the Episcopal convention of the Diocese of Southern Ohio, recently held in Columbus.

Miss Nell Steele, district nurse of Columbus, gave a very interesting talk yesterday afternoon at the home of Mrs. Albert Marting on her work in her home town and also of her work with the Red Cross in Serbia. Miss Steele left last September with a party of twelve nurses and three physicians sent by the United States government to Serbia. She continued her work there until April, was glad of the experience, but was happy when they arrived in the United States alive. Miss Steele told of how they were accepted, the people were very appreciative and thought it very kind of the nurses and physicians to come so far to care for the sufferers. There are no trained nurses there and the people have no idea of nursing. They will give the patient a drink of water and think that is all that is needed. There is great danger of the nurses and physicians on account of the dreaded typhus fever. It is contracted from body and head lice, and the greatest care is taken when the patients are brought in from the field until they have been given a bath and clean clothing. Of a party of eighteen nurses and physicians who went over from this country, fifteen died from typhus fever. Only old men and young boys are left and food is very scarce, leaving the women to attend the crops. Miss Steele is much interested in her work and helping to care for forty-five babies in the Fresh Air Camp during the heated term last summer. The babies were from eight weeks to two and one-half years of age and were taken care of by private subscription. At the end of Miss Steele's interesting talk Mrs. Marting served fruit punch and cake.

Rev. and Mrs. M. R. Bryant and baby have arrived from Rochester Ind., at noon today in Sciotoville to make their home, where Rev. Mr. Bryant will have charge of the Christian church. He will preach his first sermon Sunday, when all interested friends are invited to the services.

TERMINALS

The local N. & W. wreck crew was called to Cheno, siding at the site of the new C. & O. Northern bridge Thursday afternoon. N. & W. engine 686 was putting a steam shovel on the siding for Contractors Langhorn, Langhorn and Sneed Co., when a loose wheel on the steam shovel caused it to leave the track. Second 85, N. & W. time freight was delayed one hour. Engine 686 was in charge of C. E. Robert and P. Warden. N. & W. extra west-bound 1113 was delayed several hours Thursday night by a derailment at South Point, O. While going through South Point about 23 miles an hour, a draw bar dropped from a car; seven cars passed safely over it but the two following were derailed, one going on the east-bound main track and the other on the west-bound main track. Both cars were loaded with coal. The Kenova wrecker had the track cleared by 1:55, the accident occurring at 11:20 a. m. Conductor A. D. Moore and Engineer J. K. Colley were in charge of the train. C. I. Cheyney, N. & W. chief clerk, returned to work, Friday after a several days station inspection trip. The party consisted of Supt. J. T. Carey, Assistant Superintendent H. T. Reimicker, Trainmaster G. P. Tarley, master carpenter, C. P. Tracy, and Freight Agent H. C. Bugh. Several came home before the inspections were completed. The stations from Williamson, W. Va. to Cincinnati and Columbus were inspected. Hobart Lawson, of Gallia pike, learned a lesson Wednesday. He had a razor in his pocket and was wrestling with a boy-friend when the razor was opened and a large gash inflicted on his right arm. Several stitches were necessary to close the wound. Miss Grace Coldiron of Catlettsburg, Ky., is the guest of her sister and brother-in-law, Mr. and Mrs. Robert Strother of Gallia pike. Mrs. Bernard Hogan of Gallia pike, is recovering from a several days illness. Mrs. Walter Coriell and sons, Claude and Kenneth, of the city, were the Thursday guests of her sister, Mrs. John W. Chick, of Gallia pike.

THOUGHT AUTO WAS ABANDONED

P. S. Revure, of the Portsmouth Carpet Cleaning company, was attracted to what he thought was an abandoned automobile Thursday. It had been standing opposite that plant all day and he finally notified the police, thinking perhaps the machine may have been stolen. Later it developed the owner and a party of friends had left the machine there while they went fishing on the Scioto river.

W. G. Pennel, general freight agent of the Big Four railway with headquarters in Columbus, was a business visitor at the N. & W. division offices, Thursday. James Wilson, night secretary at the Y. M. C. A. who suffered a fainting spell Wednesday night about 8 o'clock, is slowly recovering. He was at work when the fainting spell came on and he fell backward, his head striking the edge of the switchboard case. A small gash was cut in his head, several stitches being necessary to close it. Wilson has been a sufferer with stomach trouble for several years. He lives on Gallia pike near the Y. M. C. A. J. C. Arthur is filling Wilson's place.

London, May 28.—A dispatch to the Post from Budapest, dated May 19, says an official proclamation, which has been issued there, indicates that 25 percent of all bank savings will be taken for a war loan and that a government decree will authorize to use one quarter of their deposits for subscriptions.

Old Mother Earth's Constipation Remedy

Old Mother Earth herself provided every single ingredient from the may-apple root to the sugar coating, that goes into Santal Laxative Tablets.

Santalene contains no mercury (calomel); they're easy workers, but they do their work well. 10 doses for a cure. At your drug-gist's. A physician's trial package (containing 4 doses) will be mailed you if you write, mentioning this advertisement. The Santalene Remedies Co., 804 Madison St., Covington, Ky.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Witch's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and lustrous. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Witch's Sage and Sulphur and look years younger.

BLEVINS IS RELEASED

The bond of Robert Blevins, who was held to the grand jury for alleged shooting with intent to kill William Browning, was reduced from \$2500 to \$1000 Thursday evening. Walter H. and J. E. Hannah, owners of the Morrow Flat building, of which Blevins was custodian, and where the shooting took place, signed the bond and the young man was released from custody. Browning continues steadily improving at Hempstead hospital.

All Germs Ordered To Beat It—Git!

Searching Influence of a Remedy That Works Wonders.

The introduction of S. S. S. is at once a command to blood impurities to find a way out. And what are blood impurities? They may be the hyperaccretions found in the mucous linings of the body; they may be acid accumulations known as rheumatism; they may be boils, pimples, eczema, acne and stubborn, indolent sores. But examined closely, they are all germs that have gotten the upper hand and it requires the flushing influence of S. S. S. to drive them out. And out they go when S. S. S. begins to circulate in the blood. It only requires five minutes to begin the influence, for it is a fact that in this limited time S. S. S. may be traced in the urine, in the perspiration, in the exhalation from the lungs to show that it is at work. Germs, mind you, are of various kinds, but all are foreign to health and S. S. S. is no respecter of destructive germs. It drives them all out of whatever name they go by. Just get a bottle of S. S. S. of any drug and soon you will observe a decided change. And if you are a stubborn case, write to the Medical Adviser, care of The Swift Specific Co., 107 Swift Bldg., Atlanta, Ga. He is a regular physician, proud of his name by virtue of his distinguished family and is recognized as a foremost physician on his own merit.

MOTHER WITH BABE IN ARMS SEARCHING FOR HER HUSBAND

Mrs. Morgan Perdue, a young woman of Ceredo, W. Va., carrying a little baby in her arms, arrived here Thursday afternoon on the hunt of her runaway husband. The young woman called at police headquarters, reported that Perdue had deserted her and asked that he be apprehended. She was told this could not be done without a warrant or affidavit from Ceredo. She repaired to the home of friends in the Hill Top district and later a message was received from Ceredo authorizing Perdue's arrest but he could not be found. He had been seen at the R. Y. M. C. A. building the day before. Mrs. Perdue was anxious to have him arrested before he could draw his pay from the N. & W. railway.

Mr. Reutinger To Open An Ice Cream Parlor

The East End is to have another first-class sanitary ice cream parlor, as H. E. Reutinger has converted the basement of his home, northeast corner of Twelfth and Lincoln streets, into one. Mr. Reutinger, who for nine years was employed at George Freund's drug store, has resigned this position to look after his new enterprise. He is a hard, conscientious worker and has a legion of friends who are confident he will entirely succeed. Mr. Reutinger will manufacture

his own ice cream and will enter to parties and lawn fests, private families, and will also handle it at his parlor for individual purchases. He will also handle penny ice cream cones for the children. Mr. Reutinger has installed a complete ice cream manufacturing plant in the basement of his home which compares favorably with any in the city, and he expects to devote his time to looking after his new enterprise. The ice cream parlor will be opened to the public Saturday evening.

EAGLES NAME DELEGATES FOR STATE CONVENTION

Delegates and alternates to the state convention of the Fraternal Order of Eagles at Lorain on June 14, 15, 16, 17 and 18 were elected at the regular weekly meeting of River City Aeris Thursday evening. The delegates are William O. Stieger, Frank Prosser and Frank Broomhall; alternates, Julius Arbogast, Paul K. Bauer and Frank Warner. The local delegation will leave Portsmouth for the convention in two automobiles, John J. Kileyna and Julius Arbogast furnishing the machines.

One candidate, L. B. Powell, was elected to membership at the meeting.

VETERANS ATTENTION

The Spanish-American War Veterans and the Sons of Veterans are urged to meet at G. A. R. hall Sunday afternoon at 1:45 to accompany the G. A. R. to memorial services at the Fourth Street Methodist church.

Steps On A Nail

Carl, little son of Mr. and Mrs. Allen Wilkoff of 1313 Union street, Wednesday morning stepped on a nail which penetrated his left foot. He is suffering much pain and the foot is badly swollen.

From Buena Vista. Among Buena Vista persons in the city shopping Thursday were Mr. and Mrs. James Ryan, Mrs. Carl Miller and Will Alcora.

Caught Some Fish. William James and Earl Goodrich spent Wednesday fishing in the Scioto river. They brought home a fine mess of members of the finny tribe.

Off For Races. Dr. George Martin and Roy Lynn left Friday in the latter's car for Indianapolis, where they will take in the 500 mile automobile race Saturday. Wallace Smith will drive their car to the Hoosier Capital and return.

To Pond Run. S. C. Compton and family, of the East End, moved to Pond Run Thursday.

PIKETON COMMENCEMENT HELD THURSDAY NIGHT

The annual commencement of the Piketon High School was held Thursday evening, May 27th, at the village opera house.

It was one of the most enjoyable commencements ever held in the village.

The annual senior class play, "The College Chap" was given at the opera house last Friday evening, and was a big success, financially and otherwise.

Special music was furnished at the commencement exercises by the Fourth Regiment orchestra of Columbus.

The program was as follows:

Music. Invocation—Rev. F. B. Osborne.

Music. Salutatory—Boyd B. Sampson.

Music. High School Trials—Anna Markham.

Music. Reading—"The Confessional"—Mae Barger.

Music. Class History—Margaret Higg.

Music. Class Poem—Pearle Eichelberger.

Musical Recitation—"The Last Hymn"—Kathryn Freeman.

Oration—"What of the Future"—William J. Beoddy.

Music. Class Prophecy—Victoria Valley.

Music. Class Will—J. Freeman Balm.

Music. Valedictory—Lenore Valley.

Music. Presentation of Diplomas—Miss Mae Patterson.

Music. Benediction.

Police officers were again forced to detain past Third and Chillicothe streets to avoid Lake Bonzo Friday morning, owing to the heavy rain which again flooded that intersection.

"RED LIGHT" VANISHES

Officer Osborn, who has been doing special duty in the red light district, reports that zone as deserted, all undesirable having moved out excepting such as own their own properties and these are bowing to the inevitable and complying with the laws.

To Decide On The Graduates

A committee composed of Miss Emily Ball, Miss Ethel Musser and Robert Weeks of the High School faculty was named Friday by Supt. Frank Appel to go over the grades of the members of the senior class, who will graduate on Thursday, June 10. Superintendent Appel will ask the school board at its meeting tonight to hold a special meeting next Tuesday night to pass on the list of graduates.

Going To Exposition.

Robert G. Titum will leave Monday, by way of Denver and Grand Canyon, for an extended trip to California and will attend the San Francisco and San Diego Expositions. He may locate in Los Angeles, as he has been offered a position there as chemist.

The Graduation Gift

There is no gift that gives the pleasure that a Diamond Ring does. It becomes a priceless possession, prized both for its beauty and value, and also because of the associations with Graduation Time.

It starts the graduate out with something of real value, that never depreciates in price, never wears out, never can be anything but fine and beautiful. Which is not a bad ideal and example to young people.

Presbyterians Last Year Had Biggest Gain In Their History

The Rev. John W. Dunning, pastor of the First Presbyterian church has returned from Rochester, N. Y., where he attended the annual meeting of the General Assembly of the Presbyterian church. There were 1,200 delegates at the meeting and the local minister declares it to be the best he has ever attended. The overflow meetings were held in Convention Hall in Rochester and the other sessions were held in the First Presbyterian church of that city.

Rev. Dunning says that reports were submitted, which showed that the Presbyterian church made the greatest gain in membership last year over any year since the church was founded. One hundred and twenty-five thousand new members were added to the church last year, the number being 25,000 in excess of any previous year.

It was reported that the denomination now had the largest church

in the world, a Mission in Blot, West Africa, which boasts of 12,000 adherents.

The Presbyterian church at this meeting severed relations with the Union Seminary of New York, because this institution is too liberal in its views.

"This move was satisfactory to both parties and was mutually agreed upon," said Rev. Dunning today. "The Union Seminary is a famous institution in New York and has an enrollment of about 400 students."

A new policy controlling the educational affairs of First Presbyterian churches was also adopted. It provides for the merging of the educational and college boards of the church into one board, which will be known as the educational board. It will control all forms of education in the churches and it is thought the new plan will work out very harmoniously.

Rev. Dunning says the meeting from every angle was an ideal success and at the prayer meeting of the First Presbyterian church next Wednesday night he will make a complete report of this trip to his congregation.

The Assembly also went on record as endorsing the work being carried on by Evangelist "Billy" Sunday.

DIPLOMATS ARRIVE

Rome, May 27 (Via Paris, May 28).—Riccardo Bollati, former ambassador at Berlin, and Signor Garroli, who was Italian consul at the German capital, arrived in Rome at 7 o'clock this evening. The former ambassador was cheered by a crowd as he drove away from the railroad station.

FRECKLES

Don't Hide Them With a Veil; Remove Them With the Othine Prescription. This prescription for the removal of freckles was written by a prominent physician and is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold by Fisher and Streich under guarantee to refund the money if it fails.

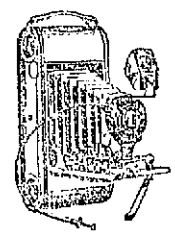

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement. Some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

ASKS FOR PARDON

Pittsburgh, Pa., May 28.—Helen Berl, serving a 25 year term in the western penitentiary in Pennsylvania, in connection with the kidnapping of Billy Whitt in Sharon, Pa., in 1909, has forwarded an application for a pardon to the state board at Harrisburg. The petition will be given a hearing on June 16.

Frank Innocent Declares Burns

Cincinnati, Ohio, May 28.—William J. Burns, the noted detective, was in Cincinnati yesterday and will remain over today to attend the Police Chiefs' convention to renew acquaintances and to correct a false impression that his name had been deliberately stricken from the list of honorary members of the association.

"The reason I am here now," he said, "is to face any delegate to the convention who has any charge to bring against me, and to answer those charges, if there be any. I want to clear up the

whole matter and put myself right before the public. Much of the ill feeling against me arose out of the Leo Frank case. I showed conclusively at that time that Frank is innocent and I am sure that every one will be convinced of it in time."

Detective Burns has presented a written request to the convention in which he asks the privilege of the floor. It is most likely this will be accorded him, as every one of the visiting chiefs who met him at the Sinton yesterday had a warm greeting for him.

Alumni Association Issues Invitations

Invitations to the forty-seventh annual meeting of the Portsmouth High School Alumni association were mailed Thursday night. The meeting will be held at the High School auditorium Friday evening June 11, at 8 o'clock.

The officers of the association are: Mrs. Lena Kline Reed, president, Miss Mary Graf, first vice president, Robert V. Nutter, second vice president, Elmer Heisel, treasurer, W. B. Richardson, corresponding secretary, Mrs. Edith Staten Appel, recording secretary. The executive committee is composed of: Mrs. D. A. Berndt, Leslie W. Cnager, Mrs. Martha Padan Smith, Mrs. Harriette Russell and Miss Charlotte Barnett.

There will be a meeting of the officers and executive committee Saturday night at the home of Mrs. Reed to complete arrangements.

Visiting Father

Will Sullivan, of Pittsburgh, is visiting his father, Ex-Postmaster John Sullivan, at Buena Vista.

PROCLAMATION

Whereas, In common with the proclamation of the Governor of this state, in honor of those who at the country's call to arms, bravely, though in tearful strains, said goodbye to sweetheart, wife, parent and child, marched away to the pleading music of fife and drum, in response to bugle-calls, looked back as they went down the lane, across the brook, many for the last time, toward the little cottage covered with honey-suckle and trumpet-flowers, saw through dimmed eyes and drank into a sobbing heart the fond farewell of baby's hand.

"They met on battle fields foemen worthy of their names and kept floating in the air the Union flag and saved the life of this nation, then, as now, without bitterness or sectional hatred. We know that Ohio's sons proudly died that the nation might gloriously live; and honoring for its peoples freedom through their heroic battles for civilization; that as their leader said, 'It was their's to nobly serve or carelessly lose their last, the best hope on earth.'"

Those who withstood the frightful carnage came back over life's pathway haggard from duty well done, impaired in health through rigors and exposures, stricken by wounds of honor in the smoke of battles. They sought the vine-covered cottage long since decayed; the wife with whitened hair, the babe no longer recognizing father, the parent nowhere to be found, and began anew with friends, now aged, to collect the scattered remnants of neglected fortunes; to walk with confidence in paths of peace and contribute to the community the best example of soldier-citizenship. How well they have advanced the world we know, many not successful, yet all have been upright, patriotic citizens.

The ranks of patriots in the civil conflict are broken, while the in-

firmities of age have overtaken those who later served on foreign fields, but a score of those who placed and floated triumphantly the flag over the halls of Montezuma yet remain. Let us avail ourselves, therefore, of the day designated by the Grand Army of the Republic the opportunity afforded (free men on Memorial Day to make every soldier of all wars feel that his services to the Republic is appreciated.

While we bow our heads in prayer for the world's peace, looking to the time that no nation may rise while others shall fall, when every weapon of warfare has been dissolved through mutual burning love, yet we must not forget those whose bodies were made the country's defense between friend and foe. While we shed a tear and deposit a flower on the grave of every soldier dead, let us not forget to pin a flower on the breast of every soldier living.

In addition to the patriotic exercises sacred to our heroic dead, I further suggest that all places of public worship be opened at twelve o'clock, noon, May 31st, as a solemn summons to the people of this city to put aside all labors and give, if but a brief period, to the grandeur

and the glories of our country; the accomplishments of its soldiers and sailors, asking peaceful rest for those who slumber, and welfare and comfort for those who live, in addition to the general blessings vouchsafed all who follow in the wake of the Almighty.

High School Demonstration A Commendable Performance

Every expense incidental to producing a class play was cleared up by the scientific demonstration given by the boys of the Junior and Senior classes in the high school auditorium Thursday night. The demonstrations were viewed by a large crowd, there being close to 500 present. The boys who took part considered it a great success as it is the first entertainment of the kind ever held in the city. Arrangements are to be made to have several of the scientific demonstrations each school term. The demonstrations at these entertainments gives the parents of the students a chance to see just what is being taught in the high school course. Much credit for the success of the entertainment is given to Prof. D. Cornet, teacher of the chemistry class, and to Pernt Crawford and Massa Foley, students who gave so much of their time to the demonstrations. Foley made the opening remarks of the evening, explaining to the audience the course of the evening's entertainment.

The stage was well taken up with a laboratory bench, filled with test tubes, Florence flasks, Hansen burners, burettes, centrifugal precipitators, water bottles, and a number of other appliances used in chemistry work.

The first was a wireless telegraphy demonstration by Harold Schirrmann and Cranston Locke. Schirrmann explained the sending and receiving of messages while Locke did the work and both took a hand in the exploding of powder by wireless and setting off a small cannon. The setting off of the cannon was the signal for a large American flag to be unfurled from over the stage, the demonstration calling for rounds of applause.

The Senior Orator composed of Edmund Krieger, Hayward Anderson, Alfred Sprecher, Walter Swickert, Olin Kent, John Blume, Fred Gordon and Henry Mootz,

French Remedy for Stomach Troubles

The leading doctors of France have for years used a prescription of vegetable oils for chronic stomach trouble and constipation that acts like a charm. One dose will convince. Severe cases of years' standing are often greatly benefited within 24 hours. So many people are getting surprising results that we feel all persons suffering from constipation, liver or bowel, liver and stomach troubles should try Mayr's Wonderful Remedy. It is sold by leading druggists everywhere with the positive understanding that your money will be refunded without question or quibble if ONE bottle fails to give you absolute satisfaction.

Seven of the Senior boys next appeared, dressed as farmers of "way back in the hills" type. They were Earl Himes, Hayward Anderson, John Blume, Forest May, Alfred Sprecher, Walter Lewis and Walter Swickert.

Music for the evening was furnished by Walter Wells, who presided at the piano.

The last demonstration, the use of thermite, was intensely interesting. Molten iron was used to burn a hole through a 1-16 inch steel plate. Pernt Crawford, assisted by Howard Swishinski, made the final demonstration.

Don't read Jansen's ad unless you want to save money. Page 16.

Charles Bently and Pernt Crawford were next on the program with the Babcock test, showing the people how much butter fat there is in milk. The milk used was found to have contained more than the standard demand.

A cornet solo was beautifully rendered by William Trone.

Madgeburg hemispheres were used by Bently and Foley in demonstrating the amount of pressure vacuum can stand. Carbon dioxide was used to freeze mercury and to extinguish lighted candles. The demonstration was mystifying to the audience as the carbon dioxide is a colorless fluid and when poured down the board to extinguish the candles it could not be seen.

Fred Gordon then took up the demonstrating work, burning chlorate, sugar and acid, and showing the effect of potassium on water. Bently, assisted by Foley, made demonstrations with chlorine and antimony, nitric oxide and oxygen, oxygen and phosphorus.

Getting Ready For Grand Jury Session

Sheriff Smith and his deputy, Arthur, are busily engaged in serving subpoenas on witnesses summoned to appear before the grand jury, which convenes next Tuesday. Over one hundred witnesses have been summoned and the transcripts of thirty cases from the minor courts are already in the hands of the prosecuting attorney. The most important case to be examined is the shooting on Front street last Saturday night, for which Robert Blevins is held, unless the Blevins murder suspects are apprehended in the meantime.

Afro-Americans Hold Final Meet

JOHN EVANS.

The Afro-American league, which held a series of very helpful and well attended meetings this winter held the final session Thursday night in Allen Chapel on Seventh street and the meeting was full of enthusiasm. It was arranged by President John W. Evans, who labored so untiringly to make the league the success it has been.

The evening's program included piano solos by Mrs. Ethel Cole and Mrs. Cornette, invocation by Rev. Grant Metcalf, reading by Miss Beatrice Pennman, and addresses, "The Prestige of the League" by William E. Gooden, who handled his subject in a very commendable manner, "The Prospective Future of the League" by Prof. B. M. Gentry, and "The Status of the Afro-American Relative to the League" by Rev. John Irvin. John W. Evans presided over the meeting, which was concluded with a banquet.

The menu was as follows:

- Boiled Ham
- Lettuce Salad
- Escalloped Potatoes
- Olives
- Sweet Pickles
- Ice Cream
- Cake
- Coffee

During the winter the league was addressed by Hon. A. T. Holcomb, Rev. J. W. Dunning, Judge A. Z. Blair, Senator Hudson, Dr. Brudine and Prof. E. M. Gentry. The next meeting will not be held until October 14.

Before an adjournment was taken last night the following resolution was unanimously adopted:

Whereas, the Afro-American League of Portsmouth, Ohio, was organized for the purpose of encouraging the colored

PROGRAM AND LINE OF MARCH, MEMORIAL DAY, MAY 31

Hon. H. T. Bannon To Be Speaker Of Day

The following program has been arranged for Memorial Day when tribute will be paid our dead soldiers who are resting in Green-lawn cemetery.

All those taking part in the parade will assemble on Gallia street Monday morning, May 31, 1915, at 8:30 o'clock. The parade will move promptly at 9 o'clock a. m., in the following formation:

1st. The city police force who will form opposite the post office head of column resting west.

2nd. Grand marshal and staff in rear of police force.

3rd. Drum and Bugle Corps in the rear of the grand marshal and staff.

4th. United Spanish War Veterans in the rear of the Drum and Bugle Corps.

5th. Bigelow Band in the rear of the Spanish War Veterans.

6th. The Sons of Veterans in the rear of the Bigelow Band.

7th. The Boy Scouts in the rear of the Sons of Veterans.

8th. The First Christian church band in the rear of the Boy Scouts.

9th. The Jr. O. U. A. M. in the rear of the First Christian church band.

10th. Woodmen of the World in the rear of the Jr. O. U. A. M.

11th. The Lewis band in the rear of the Woodmen of the World.

12th. Bailey Post and all ex-soldiers, sailors and marines in automobiles in the rear of the Lewis band.

13th. City officials in carriages and automobiles in the rear of Bailey Post.

14th. Citizens in carriages and automobiles in the rear of the city officials.

15th. The fire department will form on Fifth street, head resting on Chillicothe street and will fall in the rear of the parade.

Line of March

North on Chillicothe street to Ninth. At Ninth street the marching columns will go through Tracy park and around the Soldiers' Monument with uncovered heads, thence east on Ninth to Olinde, north on Olinde to the cemetery gate.

The automobiles carrying the Jr. O. U. A. M. will leave the parade at Robinson avenue and go to the Lincoln street entrance to the cemetery where they will unload and form line. The Spanish War Veterans, Sons of Veterans and

the Boy Scouts, will leave the parade at Grant street and march east on Grant street to the Lincoln street entrance, at which place they will join the Jr. O. U. A. M.

The decoration of the graves will be under the direction of Adjutant W. H. Williams, and if we will all work together we can have the most successful decoration we have ever had.

After the graves have been decorated the line will return to the speaker's stand where the exercises will be concluded with music and an address by the Hon. Henry T. Bannon.

The different bands will take a position in the Soldiers' Circle.

Commanders and aides will please clip this program out of the newspapers and familiarize themselves with their duties. The decorating squads will bring the empty baskets back and leave them in the soldiers' circle.

The following aides will do staff duty: Mr. E. W. Smith, G. A. R.; Dr. Oscar Donaldson, S. W. V.; Capt. James W. Smith, S. W. V. Additional aides will be announced later.

CORN ENTRY NEAR CLOSE

Are you in it, my granger friend?

We mean, of course, The Times corn growing contest for men and boys and girls.

Entries are coming in fairly enough for the men's contest, but the boys and girls are lagging. Frankly, there doesn't seem much prospect of the latter contest. For the published rules call for five to make a contest and unless there be at least that many the contest will be off.

The men are coming in encouragingly and the contest for them is already assured, but we want

more. For here is something where nobody can lose and every one is sure to win—if he doesn't get in on the big cash prize of \$50, he will raise enough crop additional to pay for his labor, and best of all he will learn how much more he can raise for the years hereafter against what he has been doing. In this class we ought to have a hundred and we ought by all means to have an entry from every township in the county.

Entries close June 1st—remember that and notify The Times at once that you will be in one contest or the other.

COW GOT THE BEST OF BATTLE WITH A BICYCLE

A cow on the T. H. Garvin farm place in Kinney Lane made short work of a bicycle belonging to William White, a 14-year-old boy of Fourteenth street Thursday. The lad made the fatal mistake of

riding the wheel onto the field. He had been asked to help bring the cow to the barn. He had no sooner started after her when the "critter" charged the bicycle which he meanwhile had laid on its side. The wheels got caught in her horns and throwing up her tail the cow galloped wildly about the field tossing the bicyclist as went until it was completely demolished. Mr. Garvin, although ill, stood in the doorway and was fairly beside himself at the funny looking sight.

THE PAIN OF NEURALGIA

People think of neuralgia as a pain in the head or face but neuralgia may affect any nerve of the body. Different names are given to it when it affects certain nerves. Thus neuralgia of the sciatic nerve is called sciatica but the character of the pain and the nature of the disease is the same, the cause is the same and the remedy is effective, must be the same. The pain of neuralgia is caused by starved nerves. The blood, which normally carries nourishment to the nerves, for some reason no longer does so and the pain that you feel is the cry of the nerves for food. The reason why the blood fails to properly nourish the nerves is often because the blood itself is weak and thin.

Anemia, or thin blood, is the most common cause of neuralgia. Build up the thin blood with Dr. Williams' Pink Pills and you are attacking neuralgia at its root. These tonic pills also have a peculiar and direct action on the nerves so that they are probably the very best possible remedy for the treatment of neuralgia.

Your own druggist sells Dr. Williams' Pink Pills. Get a box today and write to the Dr. Williams Medicine Co., Schenectady, N. Y., for the free book "Nervous Disorders, A Method of Home Treatment."

SAYS TORPEDO STRUCK BOAT

(Continued From Page One)

The shock the ship suffered must have been terrific. Great derriels were torn up and hung across the deck, smashing the rail on one side. Strong steel girders forming part of a hatch were blown out and some went overhead. In the deck flooring near the hatch two large holes were made, revealing the naked steel girders, two of which were cut through cleanly.

The banks occupied by the boat-swain and two quartermasters, all of whom were injured, are a mass of wreckage and the men are wondering how they escaped more serious hurts. All the furniture and woodwork in the room were broken to fragments. The boatswain suffered injuries on the head, arms and legs. Both quartermasters were badly bruised.

The American consul and representatives of the American embassy boarded the ship from a tender yesterday afternoon, meeting the steamer off the bar and coming with her to the docks.

Washington, May 28.—American government officials today awaited with keen interest the arrival of Captain Green of the American steamship Nebraska, regarding the explosion that damaged his ship off the coast of Ireland on Tuesday night. Ambassador Page, at London, had cabled that the captain's sworn statement concerning the incident had been given to Lieut. Powers, naval attaché of the embassy at Liverpool and that it could be forwarded at once.

Officials here express the belief that Captain Green's affidavit may not be more definite than a previous report by him which said that his ship either struck a mine or was hit by a torpedo. Advice received here that the captain, who arrived with

his ship at Liverpool last night, is quoted as saying that he saw submarine and he was certain that the ship was torpedoed. Officials have been unable as yet to determine from advice received up to date how the Nebraska was damaged.

An examination was to be undertaken in Liverpool by American naval constructor McBride to determine, if possible, whether the Nebraska was damaged by a mine or a torpedo. Pending the receipt of the constructor's report, decision as to act of the government probably will be deferred.

The torpedoing and sinking of the Majestic was announced by the admiralty as follows: "An enemy submarine torpedoed and sunk H. M. S. Majestic, Captain H. J. G. Talbot, this morning which was supporting the army on the Gallipoli Peninsula."

Nearly all the officers and men were saved.

The battleship Majestic was a vessel of 1,900 tons and 10,000 horsepower. Her officers and crew on a peace footing aggregated 757.

The Majestic was built in 1895, carried four 12-inch, twelve 6-inch and sixteen 3-inch guns, and twelve 3-pounder guns.

In addition the vessel was armed with five 18-inch torpedo tubes.

The sinking of the Majestic makes the fifth British battleship lost in the Dardanelles campaign and the second by a hostile submarine, the Triumph having been sent to the bottom in the Gulf of Saros last Wednesday. The French also have lost one battleship in the Turkish campaign—the Bouvet.

The noise of the explosion of the Princess Irene is described as having been far louder than that which accompanied the blowing of the Bouvet.

ENGINEER OF NEBRASKAN SAYS TORPEDO STRUCK HER WITHOUT ANY WARNING

Gives Vivid Version Of Way Big Steamer Was Torn By Shock

Liverpool, May 28.—While none of the crew of the American steamer Nebraska, disabled Tuesday night by an explosion off the coast of Ireland, saw a submarine, the chief engineer believes he saw "the wake of a torpedo on the starboard side, according to Captain Greene of the steamer."

The captain, in reply to questions, stated there is a hole about twenty feet square in the forepart below the water line large enough to admit an American freight car.

"We were in the boats about an hour," he said. "The ship seemed to be settling by the head and we decided to stay close by until help arrived. While some of us saw a submarine, the chief engineer believes he saw the wake of a torpedo on the starboard side. The effect of the shock of the torpedo striking the ship was to stop her suddenly. There was a perceptible interval between the shock and the explosion."

"We started to return to Liverpool about 10:30 o'clock the same night, traveling eight knots an hour. The vessel was 12 feet lower down by the head than normal, owing to the water in the hold."

The damage to the vessel's upper structure is so severe it is evident the shock the ship suffered must have been terrific. Great debris were torn up and hung across the deck, smashing the rail on one side. Strong steel girders forming part of a hatch were blown out and some went overboard. In the deck floor, near the hatch, two large holes were made, revealing the naked steel structure, two of which were cut through completely.

The bunks occupied by the boat crew and two quartermasters, all of whom were injured, are a mass of wreckage and the men are wondering how they escaped serious hurts. All the furniture and woodwork in the room were broken there was a perceptible interval between the shock and the explosion.

PRZEMSYL MENACED BY AUSTRO-GERMANS

CAPTURE ENGLISH POSITIONS

Constantinople, May 28.—By wireless to Berlin and London.—Fresh activity of Turkish forces in the vicinity of Kurma, Mesopotamia, is announced in a war office statement which says:

"In a night attack by volunteers in boats we captured two English positions which we are still holding."

Kurma is on the right bank of the Tigris river, at its junction with the Euphrates. It is a stopping point for river steamers going up and down and has a small trade.

TROOPS CLOSING IN ON RUSSIAN FORT

London, May 28.—The fortress of Przemyśl, garrisoned this time by Russians instead of Austrians, is once more threatened with investment.

Just as the Russians, after surrounding Przemyśl and starving out its Austrian garrison, forced the surrender of the fortress on the 22nd of last March, so Austro-German troops, who have driven a wedge through Central Galicia, are now attempting a "double flanking movement," and with growing intensity of attack are seeking to encircle Przemyśl from the north and the southeast. According to Vienna reports progress is being made in both directions and if the advance is not checked Przemyśl will either be isolated from the rest of the army, or the Russian troops which fell in the attack to San will be forced into further retreat.

This situation in Galicia is of importance at the present time and even the British press concedes that the position of Przemyśl is serious. It is described as the key to the whole Russian position in Galicia and its fall will mean that the railroad running east to Lemberg, will fall into Austro-German hands. Reports that this railroad line already has been severed are still without confirmation today.

Fighting along the Austro-Italian frontier still is in the development stage. There is "virtually no change on the western battle front and the British and French admit that the Turks are so strongly entrenched on the Gallipoli Peninsula that only siege warfare can be waged there."

STATUE OF VIRGIN IS COVERED

Milan, May 27.—The statue of the Virgin surrounding the central tower of Milan's celebrated white marble cathedral has been covered with cloth to prevent it from serving as a guide to Austro-German aviators in their probable flights over the city. The statue's glass windows have been removed so they will not be shattered if the city is bombarded.

OLD MEN WANT TO BATTLE

Berlin, May 28.—(Via London).—Hundreds of volunteers including men more than fifty years old, have reported to the military authorities at Frankfurt in the past few days, making the special request that they be permitted to serve against Italy.

NO 'VETS' IN PEN

Columbus, O., May 28.—With the pardon today of Samuel Ferguson, his liberty becoming effective Saturday, and the order of transfer of four other prisoners to the soldiers' home at Sandusky, Memorial Day this year, will pass without the Ohio penitentiary shutting its ponderous doors on a single veteran of the civil war.

Ferguson, who is 74 years of age, a former grocer in Lima, will return to his home in that city in time to celebrate his golden wedding on June 6. He was sent to the penitentiary years ago for killing a man in a dispute over an account. Four other veterans of the war between the states, known as "Trusties," will be transferred to Sandusky, the pardon of Ferguson and the transfer of the others being the governor's official tribute to Memorial Day.

Thousands of people go through TIMES WANT ADS every night. They read them with profit.

H. M. S. MAJESTIC SENT TO BOTTOM; ALL ARE SAVED BY THE ENEMIES

Fenice, England, May 28.—The British steamer Cadeby has been sunk off the Sicily Isles by gun-fire from a German submarine.

All those on board the vessel, including four passengers, were saved.

The steamer Cadeby was of 877 tons net register and 225 feet long. She was owned in Glasgow.

London, May 28.—Germany's deadly undersea fighters—the submarines—delivered another telling blow yesterday morning when one of their fleet torpedoed and sank H. M. S. Majestic, Captain H. F. G. Tulloh. The Majestic was supporting the army of the Gallipoli Peninsula.

Germany's cruise was further aided by an accident which cost the lives of between 300 and 400 Englishmen on board the Princess Irene, a mine-laying vessel. The Princess Irene was lying on the midway off Port Victoria under going repairs when an explosion on board shattered the vessel and sent her with her entire crew to the bottom.

In addition to her crew, which is said to number more than 250, there were seven or eight shipwrights on board. The entire town of Sheerness was rocked by the explosion and when they looked out into the harbor all they saw of floating wreckage.

Floating debris was scattered for great distances. Many men on board were killed.

RUSSIANS CAPTURE URUMIAH, IN PERSIA

Petrograd, (Via London), May 28.—Urumsiah, Persia, has been occupied by the Russians after an engagement with the Turks in the direction of Dikman and near Bagdad, according to a statement issued by the general staff of the army of the Caucasus.

Urumsiah, in Azerbaijan province with a population of about 50,000 is a center of missionary activity. It is the seat of the Eiske seminary for girls, and of Urumsiah college. For weeks the missionaries stationed there, as well as many thousands of Assyrian Christians have been in grave danger from attacks by Kurds and Turks. Between 15,000 and 17,000 natives are reported to have placed themselves under the protection of Dr. Harry P. Packard, of the American Presbyterian Mission, at least 12,000 have taken refuge in the Caucasus and it has been estimated that 20,000 are dead or missing. The entire Urumsiah district has been terrorized by wandering bands of Kurds and by Turkish regulars. Apprehensions have been made to the American state department to take measures for the protection of the American missionaries and the Russians have been urged to make every effort possible to occupy the district. There have been many reports of atrocities and the wholesale slaughter of natives. The Christians have resisted as vigorously as possible the attacks of Kurds but have been handicapped by a lack of guns and ammunition.

ITALIAN AIRMEN RAID AUSTRIAN RAIL LINE

Rome, May 27.—(Via Paris, May 28).—A successful raid upon the Trieste-Nabresina railroad by a squadron of Italian hydro-aeroplane, together with the occupation of additional Austrian territory along the Tyrol frontier and on the Friuli front are reported in an official statement issued to night by the Italian war office. It is stated an artillery battle is raging between the Italian fortified positions on the Trentino front and those of the Austrians. The communication follows:

"On the Tyrol-Trentino front an artillery combat between our fortified positions and those of the enemy at Tonale, and on the Asiago plateau. To the north we have extended the territory occupied up to the mouth of the Chiese river in Lake Idro and have occupied the rugged, mountainous zone extending between Lakes Idro and Garda."

"Nabresina-Tobacco, in Val Sugana and other occupied parts presented themselves to our authority, expressing sentiments of patriotism and the devotion of the population."

"Our Alpine troops continue successful combats on the Carniola front where we are capturing prisoners."

"On the Friuli front we occupied Gradis where the population welcomed us enthusiastically."

"During the night of the 26-27 a squadron of hydro-aeroplanes raided the enemy's territory throwing bombs on the Trieste-Nabresina railway, causing damage and it is believed interrupting the line. In spite of the violent musket and artillery fire of the enemy the squadron returned safely."

FRENCH LINER ASHORE

Dantes, France, May 28.—(2:40 p. m.).—The steamer Ohampagne of the French trans-Atlantic line, is ashore near St. Nazaire. She is badly damaged. The 900 persons on board of her have been taken off.

ALDRICH LEAVES ESTATE VALUED AT \$5,000,000

New York, May 28.—With the announcement that the will of Nelson W. Aldrich had been probated at Warwick, R. I., it became known to day that his widow, Mrs. Abby T. Aldrich, of Warwick, Neck, and Richard S. Aldrich, of Providence, are executors and become trustees of the estate.

It is said the estate is worth approximately \$5,000,000 and the total annual income is about \$1,000,000.

Princess Gets Only \$1,000 Of Estate

Chicago, May 28.—Out of an estate valued at more than \$1,000,000, the former Princess De Cligny, who was Clara Ward, of Detroit, Michigan, is bequeathed only \$1,000, it was learned today by the will of her mother, Mrs. Catherine T. Ward-Morrow, of London.

The will, filed here yesterday for probate, disposes of the estate to various relatives and the only mention in it of the former princess is a provision for \$1,000, "equalization money" in a codicil.

WILL TAKE PORTION OF DEPOSITS

London, May 28.—A dispatch to the Post from Budapest, dated May 20, says an official proclamation, which has been issued there, indicates that 25 percent of all bank savings will be taken for a war loan and that a government decree will authorize to use one quarter of their deposits for subscriptions.

U. S. RECEIVES GULFLIGHT'S FADED FLAG

Washington, May 28.—A large American flag, its colors somewhat faded from exposure to the sea weather—the ensign flown by the American steamer Gulfight when attacked by a German submarine—has arrived at the state department. It came by mail together with other evidence and data gathered in the investigation made by Ambassador Page and American consulates in London at the time the Gulfight was towed into port. The flag has been spread on the walls in the division of western European affairs of the state department.

Douglas, Ariz., May 28.—Soldiers under General Cullen, the Carranza commander at Agua Prieta, confiscated 700 head of cattle owned by John Hohstadt, a naturalized citizen of Mexico, near Cos, Sonora, and drove them to Agua Prieta, it was learned here today.

FIVE MEXICANS TO BE HANGED TODAY

Florence, Ariz., May 28.—The Arizona fight-waged for months for the lives of the five Mexicans sentenced to be hanged in the penitentiary here today, continued up to the hour set first for the executions. The state board of pardons and paroles, which met last night without taking action were in session again early today and great interest was shown in the outcome of their deliberations. Habeas corpus petitions filed by the condemned men were to be presented to United States Judge W. H. Sawtelle at Tucson this morning.

F. C. Stuckmeyer, attorney for the opponents of the executions, appeared before the board last night and asked what decision the members intended to make in regard to a reprieve for the condemned. He received no reply.

Attorney General Jones said nothing had been done at the meeting, despite the requests sent by Wm. J. Bryan, secretary of state, and Dr. Diaz Vazquez, the Villa agent, asking them to alter their decision.

Though their graves were dug and relatives and priests were paying final visits in their cells, the prisoners were in a jovial mood last night and did not seem to take the approaching execution seriously.

At the event of the refusal of the writs of habeas corpus and no reprieve from the board, the opponents of the executions were relying on the resignation of Warden R. B. Sims a few minutes before the time set for the hangings. As there is no deputy warden and the law requires either the warden or his deputy to conduct the executions, the men could not then be hanged until a successor is appointed. All of the condemned men are Mexican citizens, except Francisco Rodriguez, who was born at Tucson.

19 Miners Entombed, Rescuers Still Search

Nantico, B. C., May 28.—Volunteer rescuers were prepared today to enter the lower workings of the rescue mine of the Western Fuel Co. in search of the bodies of 19 miners who were entombed in the worst level last night after an explosion of inflammable material had buried them under tons of coal and debris. The bodies of three miners already have been recovered and a fourth man was so badly injured he is not expected to live. Thirteen others who had descended into the mine a few minutes after the explosion escaped to the surface unhurt.

Scant hope was held that any of the entombed men could be rescued alive, and on the theory that they met a quick death following the explosion the search was abandoned last night and mine officials turned their attention to restoring the system of ventilation throughout the lower levels. The progress of the searchers was impeded by accumulations of masses of debris which blocked the passages and throughout the night scores toiled in relief.

A BOGUS BUILDING.

One of the boldest frauds perpetrated on the voters last fall was the claim that the Cox administration had rented a hundred buildings, more or less, about capital square to house the numerous new divisions created in the state government at a cost of tens of thousands of dollars. So brazen was the fraud that books, purporting to give a list of these additional quarters and pictures of them, were scattered about like falling leaves.

The truth was that quarters listed and shown were practically all in use for state purposes, which Cox became governor, and, in the main, had been for years prior thereto. That, however, makes another story, which is just now appearing. The state house, built decades ago has long been inferior to the task of housing the various features and facts that have thriven and increased with the passing years, and, perhaps, a major portion of the state's business is now transacted outside thereof. It was costly and ill considered to scatter the departments so widely apart as has been the practice and if the present legislature has actually, as it pretended, provided for a common office building it would deserve more credit than it is receiving. As a legal fiction it has provided for the erection of such a structure with the condition that its cost of erection shall be paid by interest received from the state's surplus funds. But there isn't going to be enough surplus funds in another year to build a chicken coop, to say nothing of a twelve story building, "with all modern improvements," as our real estate reporter stereotypes it. By other action the assembly has seen to that and so enormously has it increased the expenditures that within two years, the seven million dollar surplus left by Jim Cox will be gone, but may be not forgot. So the building itself promises to be as bogus as was the claims upon which its authors rode into office.

KEEPING AND BREAKING.

Our good young governor has approved the Gallagher bill the operators claim which he promised the coal operators he would do and the coal miners on the other hand claim he would not do.

The Gallagher measure repeals a law that was placed on the statute books during the Cox administration which required the payment of miners for all the coal they dug. It was the bone of contention between the operators and miners, which led to the general and protracted strike.

There was a big fight in the assembly over the repeal, the operators and the miners each having a strong force of lobbyists on hand, and it was over it that a big scandal broke out over the misconduct of legislators, but was smothered with precipitancy that in itself was gravely suspicious.

This complimenting business sometimes has a back-hand slap to it. For instance, the Akron Beacon-Journal exclaims: "All honor to Willis," he was unwilling for the legislature to make a fool of itself." And that but accentuates the fact that no matter how unwilling the good young governor was he didn't keep it from acting the fool. Aye, there for those of his own household who whisper he helped it.

The most remarkable legislature the country ever knew has just quit business in Illinois. It passed only 34 bills. Nine-tenths of its time was consumed in electing a speaker of the house, and that suggests every assembly should get up a deadlock on speaker immediately on convening.

Mums the word. The Illinois legislature has passed a bill making it a criminal offense for a candidate to promise a certain line of action if he is elected. It will be welcomed by most of the gentry that are running round trying to sprinkle salt on the tail of an office.

Charlie Mac went into a long and secret conference with his managers George and Mac, Wednesday, and now his rivals are just that crazy to know what it portends.

These rains help the crops and they make it more evident too that there should be good roads for the quick and cheap hauling of the crops to market.

WHY NOT?

HAS THE RIGHT SOUND.

Philadelphia proposes that at noon, on the 4th of July, the people of every town and village assemble and sing "The Star Spangled Banner." To this end governors of states and mayors of cities have been requested to issue proclamation, asking the people to join in making a national observation.

There ought to be no question as to the heartiness with which the people will take up the suggestion. None in Portsmouth such an observance could be made peculiar impressive for it can be taken for granted that the chiming of Holy Redeemer church could be had to swell the volume of a monster chorus with the song suggested and other patriotic numbers.

Cincinnati is planning to direct its growth. From what we know of the progress of the town for some years back, its concern should be growth, not direction of growth.

At this distance Victor Emmanuel looks like the Teddy Roosevelt of Italy. Anyway he is doing a lot of posturing and making all the noise he can.

Modest merit is bound to win its way. The senior editor of this powerful propeller of progress has been appointed one of the judges of a inter-state old fiddlers' contest.

It is estimated the world uses 780,000,000 cubic feet of gas annually. No one has had the nerve to figure on the consumption of "hot air".

Both sides have had their say. Now let the law be laid down that a legislature should be its own boss. Time was when it was bigger than the governor now it has become lower than his puppet.

Be careful what you say to her over the phone hereafter. She may be cute enough to install a tele-scribe—that's Edison's latest invention which writes down phone conversations.

Hark from the tomb. Major Charles Dick has established political headquarters at Columbus and is going to try to rise again as a United States senator.

The general assembly is an actual "come back" and it is worse than ever, which hardly seems possible.

According to the old river man it is just the June rise dating itself a week of two ahead of time.

To Recover Fifty Cents

Police were appealed to by Mrs. Baker, of Walnut street, to recover 50 cents which she said Dolph Barry of Kendall avenue, had taken from her boy while he was on his way to a grocery. Mrs. James Barry, mother of the boy, later agreed to make good the amount, police say. The police also received complaints about the Barry boy playing "hokey" from school.

Speak Gently
Speak gently; it is better far
To rule by love than fear;
Speak gently; let no harsh words
mar
The good we may do here.

Speak gently to the little child;
Its love be sure to gain
Teach it in accents soft and mild;
It may not long remain.

Speak gently to the young; for they
Will have enough to bear
Pass through this life as best they may
Tis full of anxious care.

Speak gently to the aged one.
Grieve not the careworn heart;
Whose sands of life are nearly run,
Let such in peace depart.

Speak gently, kindly to the poor.
Let no harsh tone be heard;
They have enough they must endure,
Without an unkind word.

Speak gently to erring, know
They must have toiled in vain;
Perchance unkindness made them so,
Oh, win them back again.

Speak gently; Love doth whisper low
The hearts that true hearts bind,
And gently Friendship's accents flow,
Affection's voice is kind.

Speak gently! 'tis a little thing
Dropped in the heart's deep well;
The good, the joy that it may bring,
Eternity shall tell.

After two acts he turned to his friend and asked how he liked the entertainment.
"Ripping," replied the friend.
"Where?" said Blakesley, sitting up with a quick show of interest.

Alexander Woollcott, the critic of the Times, may now go back to his task of reviewing sundry productions produced by the Shuberts. They sought to bar him from all of their theatres, and they did for a while by a temporary restraining order. The Shuberts, did not like the things Woollcott said about one of their plays and they told the Times not to send him any more to their houses. The Times backed up their critic and the battle was on.

The court has just held that the theatres cannot bar the critics but that they may obtain damages if malice is shown in the reviews.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dizziness, headache, no hawking, sneezing, mucous discharge or dryness; no strug-gling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

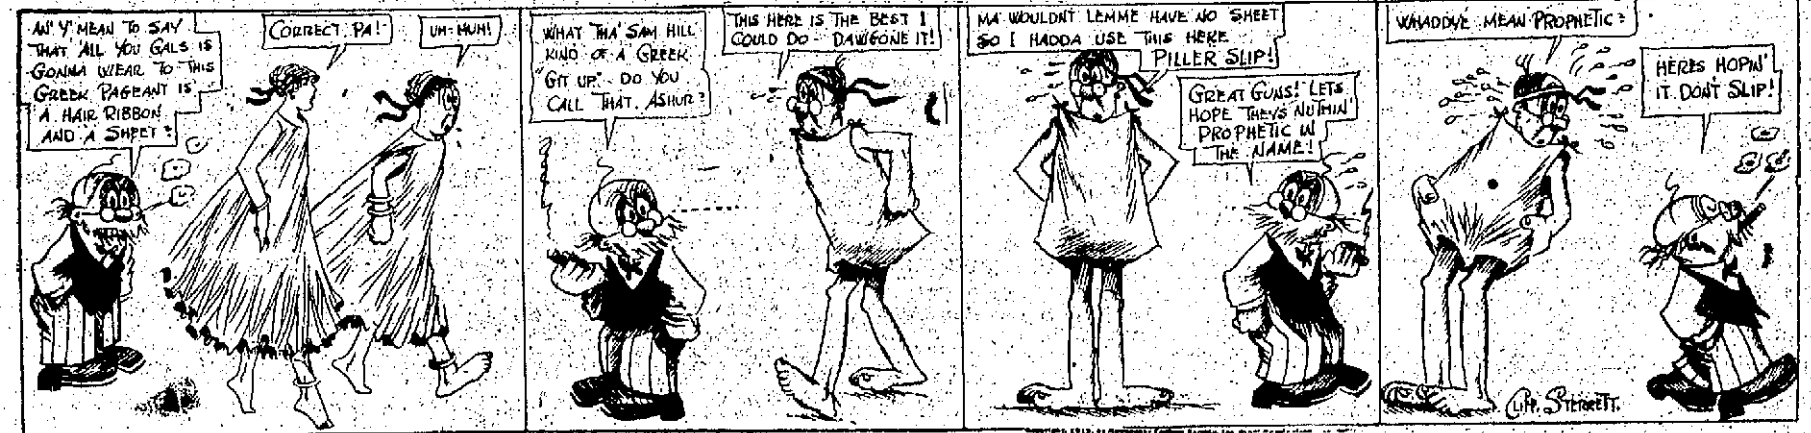

PUT STOMACH IN FINE CONDITION

Says Indigestion Results from an Excess of Hydrochloric Acid.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says noted authority. He also tells us that Indigestion is caused by Hyper-acidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten passes in the stomach much like garbage, and in a can, forming acid fumes and gases which, when taken into the system, are very harmful. These fumes, a heavy, sticky mucus in the chest, we belch up, or we eructate sour, or we have heart-burn, flatulence, water-brush or nausea. He tells us to by aside all digestive aids and instead, get from any pharmacy four ounces of Jaid Salts and take tablespoonful in a glass of water before breakfast and drink while it is effecting and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the fermenting mass, start the liver, stomach and bowels and thus promote a free flow of pure digestive juices.

Jaid Salts is inexpensive and is made from the acid of grapes and lemon-juice, combined with Brin's and sodium phosphate. This harmless salt is used by thousands of people for stomach troubles with excellent results.

POLICE HAVE CONFESSION IN BAUCUS MYSTERY

of December 6, 1914, are promised by the police before night. The police officials are known to have come into possession of some new evidence of an astounding character which they were quick to take up, resulting in the confession of a man who claims to have been an eye witness to the killing. They have since been working industriously on the case and the murderers are expected to be apprehended within the next twenty-four hours. The man's confession will be verified by Prosecutor Joseph T. Mickelthwait after which he will be charged as an accomplice and then held to the grand jury. He himself has declared that he does not want to regain his liberty until the murderers are safely behind the bars for they are desperate characters who threatened him if he ever peached on them. The police of all Ohio valley cities are now busy on the lookout for these men and as they are known characters their early capture is anticipated. Chief W. T. McCarthy feels confident that the deep mystery which surrounded the wanton murder of the popular official has at last been cleared up.

MOTHER WITH BABE IN ARMS SEARCHING FOR HER HUSBAND

Mrs. Morgan Perdue, a young woman of Ceredo, W. Va., carrying a little baby in her arms, arrived here Thursday afternoon on the hunt for her runaway husband. The young woman called at police headquarters, reported that Perdue had deserted her and asked that he be apprehended. She was told this could not be done without a warrant or affidavit from Ceredo. She repaired to the home of friends in the Hill Top district and later a message was received from Ceredo authorizing Perdue's arrest but he could not be found. He had been seen at the R. Y. M. C. A. building the day before. Mrs. Perdue was anxious to have him arrested before he could draw his pay from the N. & W. railway.

The East End is to have another first-class sanitary ice cream parlor, as H. E. Rentinger has converted the basement of his home, northwestern corner of Twelfth and Lincoln streets, into one. Mr. Rentinger, who for nine years was employed at George Erdman's drug store, has resigned this position to look after his new enterprise. He is a hard, conscientious worker, and has a legion of friends who are confident he will entirely succeed. Mr. Rentinger will manufacture his own ice cream and will cater to parties and furnish private families, and will also handle it at his parlor for individual purchases. He will also handle penny ice cream cones for the children. Mr. Rentinger has installed a complete ice cream manufacturing plant in the basement of his home which compares favorably with any in the city, and he expects to devote his time to looking after his new enterprise. The ice cream parlor will be opened to the public Saturday evening.

EAGLES NAME DELEGATES FOR STATE CONVENTION

Delegates and alternates to the state convention of the Fraternal Order of Eagles at Lorain on June 14, 15, 16, 17 and 18 were elected at the regular weekly meeting of River City Aerie Thursday evening. The delegates are William O. Stieger, Frank Pressler and Frank Broomhall; alternates, Julius Arbogast, Paul K. Bauer and Frank Warner. The local delegation will leave Portsmouth for the convention in two automobiles, John J. Gleogine and Julius Arbogast furnishing the machines. One candidate, L. B. Powell, was ejected to membership at the meeting.

government officials today awaited with keen interest the affidavit of Captain Greene, of the American steamship Nebraska, regarding the explosion that damaged his ship off the coast of Ireland on Tuesday night. Ambassador Page, at London, had cabled that the captain's sworn statement concerning the incident had been given to Lord Powers, naval attache of the embassy at Liverpool and that it would be forwarded at once.

Officials here expressed the belief that Captain Greene's affidavit may not be more definite than a previous report by him which said that his ship either struck a mine or was hit by a torpedo. Advice received here that the captain, who arrived with his ship at Liverpool last night, is quoted as saying that he saw "submarines" and he was certain that the ship was torpedoed. Officials have been unable as yet to determine from advices received up to date how the Nebraska was damaged.

An examination was to be undertaken in Liverpool by American naval constructor McBride to determine, if possible, whether the Nebraska was damaged by a mine or a torpedo. Pending the receipt of the constructor's report, decision as to act of the government probably will be deferred.

ships in the vicinity of the Princess Irene were injured by the fragments of the wreckage, some of which were picked up as far away as Maidstone, fifteen miles distant from the scene of the explosion.

The noise of the explosion of the Princess Irene is described as having been far louder than that which accompanied the blowing up of the battleship Bulwark in Sheerness last December. Only one body has thus far been picked up from the Irene.

The torpedoing and sinking of the Majestic was announced by the admiralty as follows: "An enemy submarine torpedoed and sank H. M. S. Majestic, Captain H. G. Talbot, this morning which was supporting the army on the Gallipoli Peninsula.

Nearly all the officers and men were saved. The battleship Majestic was a vessel of 1,900 tons and 10,000 horsepower. Her officers and crew on a peace footing aggregated 757.

The Majestic was built in 1895, carried four 12-inch, twelve 6-inch and sixteen 3-inch guns, and twelve 4-pounder guns.

In addition the vessel was armed with five 18-inch torpedo tubes. The sinking of the Majestic makes the fifth British battleship lost in the Dardanelles campaign and the second by a hostile submarine (the Triumph having been sent to the bottom in the Gulf of Saros last Wednesday). The French also have lost one battleship in the Turkish campaign—the Bouvet.
